### Description

- Full CAT6 specification with moulded boots
- 10/100/1000Base-T ready
- Solid core cable recommended for use with our CAT5 AV Extender products
- 10 year warranty

The LINDY CAT6 RJ45 U/UTP patch leads are manufactured and tested to conform with ISO 11801 specification. This high quality cable is ideal for use with our range of CAT5 AV Extenders. The solid core design is especially suited for long distance applications as it reduces the skew problems that are common when using stranded Ethernet cable. It's also excellent for permanent, structured cabling network installations. Every cable is 100% performance tested and comes with the LINDY "no surprises" guarantee.
