

Connect

5-Port USB-C® Hub with 4K HDMI

Content creators and professionals can expand the USB-C ports on their laptops to connect up to five peripherals including high-res monitors, hard drives and webcams. HDMI supports up to 4K@60Hz displays, fast data transfer speeds up to 10Gbps, and 100W Power Delivery makes this a must-have hub for home, in the office or on the go.

Product Benefits

- Gain five additional ports through one USB-C connection
- Four USB-C ports
 - Dedicated USB-C port to charge the host device and transfer files simultaneously
- Supports extended display with resolutions up to 4K@60Hz
- Stay charged with up to 100W of Power Delivery[†] to your host device while you stay connected to peripherals
- 12W output shared among all USB-C ports[†]
- Spend more time working and less time transferring with fast data transfer speeds up to 10Gbps
- Get peace of mind with a 5-point safety system:
 - Overload protection
 - Over-current protection
 - Over-temperature protection
 - Short-circuit protection
 - Fire-resistant materials
- Includes a 2-year warranty

Technical Specifications

- USB-C 3.2 Gen 2 (PD 3.0 100W, 10Gbps)
- 3x USB-C 3.2 Gen 2 (10Gbps)
- HDMI 2.0 (4K@60Hz)
- Product made with recycled plastic*
- Dimensions: 4.1 in./10.4cm (L) x 2 in./5cm (W) x 0.6 in./1.5cm (H)
- Weight: 86g / 3.03 oz. / 0.19 lbs.
- Tethered USB-C cable length: 7.9 in./20cm

Compatibility

Compatible with USB-C enabled devices such as laptops, tablets, smartphones and Thunderbolt™ 5, Thunderbolt™ 4, Thunderbolt™ 3 ports. Supports Windows, Mac and Chrome OS™.

Package Includes

Connect 5-Port USB-C Hub with 4K HDMI

Product made with recycled plastic*
100% plastic-free packaging

The Belkin Connect Family

Connect products are all about making connections. From cables that charge and share data, to docks and hubs that bring devices together for a more streamlined experience, Connect delivers data in the most efficient way possible, while maintaining the highest levels of quality. The very first product Belkin released to market was a cable, and we are proud to say that making connections has been an essential part of our story ever since.

The Belkin Connect Family Characteristics

- One-cable solution to connect essential peripherals to a computer
- Single solution to connect you to multiple peripherals
- Multiple ports provide fast, simultaneous connection
- Designed for portability to facilitate quick and easy workstation setup and takedown

The Belkin Difference

- Pioneer in innovation and technology for over 40 years
- Extensive testing procedures guarantee quality and durability

AVC021fqBK, AVC021hqBK

*Product housing (excluding cable jacket) is made of a minimum of 75% post-consumer recycled plastic.

*USB-C port supports data transfer and pass-through charging up to 100W, minus 15W for the hub's operation. Recommend using 60W charger (not included), which will deliver up to 45W pass-through charge while using other hub functions. Performance depends on laptop requirements.

*When charging multiple devices through the USB-C ports (excluding the 100W PD port), it is not recommended to charge them at lower than 7.5W per port.
