FO Duplex Patch Cable LC-LC 50µ

The Uniboot FO patch cable enables space-saving and efficient cabling. It's ideal for using at high system densities. The duplex cable's fibers are within a single cable sheath. The Uniboot connector enables simple polarity reversal as required.

Highlights:

- Space-saving Uniboot design, duplex cables within a single cable sheath
- Connector with reversible polarity
- Cable external dimensions: 2 mm
- Halogen-free (according to IEC-60754-2), low-smoke (according to IEC-61034), and flame-retardant (according to IEC-60332-1)
- Fiber class A1 according to IEC-61753-222-2
- CPR Cca
- RoHS 2.0 and Reach-compliant

Specifications:

Product type	Patch cable (fibre)
Connectors	LC LC
Fibre diameter	50/125 mm (Multimode)
Fibre type	OM4
LED	No
