iPhone SE22/8/7/6 Privacy Filter

Article number: 4630928

Protect important data and documents from unauthorised, prying eyes.

This privacy screen helps to protect sensitive data and personal information, and in this way enables relaxed work while on business trips as well as in public places. Micro-slats darken the picture smoothly, without stripes and make it impossible for others to see texts or pictures on the display from the side. In addition, the film protects the display from dirt, scratches or fingerprints. The protective filter is easy to attach and just as easy to remove again.

- Glass privacy filter and screen protector in one
- For iPhone iPhone SE22/8/7/6
- Three times stronger than conventional screen protectors / 10H
- Protects against lateral glances
- Rounded edge glass cut to fit the display perfectly
- The design covers the entire display including the corners
- Easy to apply and to remove without residue
