

Air Purification Device

00186438 2in1 Air Purifier and Air Humidifier, 5 x Filter for Viruses, Pollen, etc.

Highlightstext:

- Air purifier with air humidifier function for the removal of pollen, viruses, bacteria, fine dust, etc. from indoor air, creating a healthy room climate and promoting well-being
- Powerful 5-way filter: multiple filtering for hygienic room air thanks to a coarse aluminium filter, pre-filter, Hepa (H13) filter and activated charcoal filter with additional cold catalytic converter layer
- Healthy air: the air sensor analyses the room air and automatically adjusts the fan speed to eliminate particles
- More cleaning power: with the optional anion function, even the tiniest particles clump together to form large clusters which are more easily filtered out - for pure air
- Say goodbye to dry room air: with the optional air humidifier, you can reduce the risk of respiratory problems and dry eyes
- Suitable for room sizes up to 85 m² with a CADR air purifying capacity of approx. 330 m³/h
- Coarse and pre-filter for removing e.g. house dust and pet hair from room air
- Hepa filter for removing viruses, bacteria, fine dust and pollen
- Activated charcoal filter with cold catalytic converter layer also removes odours and off-gases such as formaldehyde
- Fine particle display: provides information about the degree of air pollution. Once normal air quality has been reached, the sensor reduces the speed of the fan
- The fan speed can also be adjusted manually
- Sleep mode: the room air is purified almost silently for uninterrupted, pleasant sleep. The display also switches off, so no light sources disturb your slumbers
- Optional air humidifier function: reduces the risk of respiratory conditions and dry eyes if the room air is too dry
- Anion function: generates negatively-charged ions (anions) and small amounts of ozone. The anions bind to the positively-charged dirt particles
- Timer function from 1 to 8 hours
- Temperature indicator in degrees and display of the ambient humidity (automatically alternating display)
- Filter change indicator on the display

Note for Consumers:

Filter service life based on daily use: approx. 6 - 12 months

Suitable for rooms up to: 28 m² (Ansi/AHAM AC-1 2015) – 85 m² (NRCC-54013-2011)

Only suitable for indoor use

Technical characteristics:

- Additional Functions: Anion Function, Automatic Function, Parental Controls, Remote Control IR, Sleep Function
- Display: Air Humidity/Air Quality/Filter Change/Particles PM 2,5/Temperature
- Filter: Activated Carbon Filter/Combination Filter/HEPA-13-Filter/Pre / Coarse Filter
- Material: Plastic Material
- Depth: 23 cm
- Height: 62 cm
- Weight: 7600 g
- Width: 39 cm
- Power Supply: 230 V / 50 Hz
- According to Ansi / AHAM AC-1 2015 suitable for rooms up to: 28 m²
- According to NRCC-54013-2011 suitable for rooms up to: 85 m²
- CADR Value: 330 m³/h
- Cleaning Stages: 1/2/3/Automatic
- Humidification Performance / Rate: 110 ml/h
- Nominal Power Consumption: 80 W

Air Purification Device

00186438 2in1 Air Purifier and Air Humidifier, 5 x Filter for Viruses, Pollen, etc.

- Timer preselection up to : 8 h
- Volume Sleep mode: 30 dB
- Volume Top Speed: 48 dB
- Colour: Silver
- Product Division: Home & Living

Delivery:

- 1 2in1 air purifier
- 1 5 x filter (comprising a coarse filter, pre-filter, Hepa (H13) filter and activated charcoal filter with cold catalytic converter layer)
- 1 instruction manual
