EcoTank ET-5880 colour printer

Outstanding cost-efficiency

Time-saving features and ultra-low print costs

Fast and feature-rich, the Epson EcoTank ET-5880 printer delivers thousands of high quality pages without the cost and hassle of replacing ink cartridges. EcoTank offers the opportunity for high upfront revenue for you, as well as low running costs and total cost of ownership (TCO) for end users.

Exceptional cost-per-page (CPP)

Thanks to Epson's revolutionary ink tank system, EcoTank printers achieve a very low cost-per-page. That's because EcoTank relies on simple, cost-effective ink bottles to replace the ink supply, saving time and money. Users can print up to 4,500 in mono and up to 2,800 in colour[1], from the starter ink bottles included in the box.

High-speed print and scan

The ET-5880 is our fastest A4 printer. It offers print speeds of up to 25 ppm, a fast first page out time of just 5.5 seconds[2] and scan speeds of up to 27.5 ipm. With two A4 250-sheet front trays, a 50-sheet rear feed, and a 50-sheet A4 ADF, the unit offers high paper capacity so there is less need for user intervention.

Simple operation

Selecting features is easy with the 4.3" LCD colour touchscreen. It's also simple to print from smart devices using the ET-5880, as it offers Wi-Fi and mobile connectivity. The front-facing USB port allows for easy print from and scan to USB memory sticks.

User-friendly and high impact features

Avoid spills with the convenient, hassle-free refill bottles that allow ink tanks to be filled within seconds. With front facing ink tanks, monitor ink levels with ease. Moreover, edge-to-edge printing[3] and DURABrite ET pigment ink helps users achieve outstanding print quality on special projects.

Eco-responsible technology

Energy consumption is reduced thanks to Heat-Free PrecisionCore technology. With no cartridges to dispose of means there is less waste produced too, reducing the environmental impact.

EPSON®

EXCEED YOUR VISION

The printer that saves time and money

Model	ET-5880
Functions	A4 multifunction 4-in-1
First page out print	5.5 seconds Mono / 6 seconds Colour
Print speed (ISO)	25 pages/min Mono, 25 pages/min Colour
Print resolution	4,800 x 2,400 dpi
Monthly duty cycle (Maximum)	66,000[4]
Printing emulations	PCL5/PCL6, PostScript3
Print from USB	Yes
Edge-to-edge printing[3]	Yes
Scan speed (ISO)	A4 Simplex 27.5ipm BW / 9ipm Col, A4 Duplex 11ipm BW / 6 ipm Col
Scan optical resolution (W x H)	1200 x 2400 dpi
Copy speed (ISO)	Up to 22.5 ipm simplex Up to 19 ipm Duplex
Zoom ratio	25%-400%
Copy resolution	600 x 600
Fax transmission speed	Up to 33.6kbps / Approx. 3 sec/page
Fax memory	Up to 550 pages/ 6MB (ITU-T No. 1 chart)
Mobile and cloud printing	Epson Connect[5] (iPrint, Email Print, Remote Print Driver, Scan-to-Cloud), Apple AirPrint
Interfaces	USB, Ethernet, Wireless LAN IEEE 802.11a/b/g/n/ac, Wi-Fi Direct
Plain paper size	A4, A5, A6, B6, B5, No. 10 (Envelope), DL (Envelope), C6 (Envelope), C4 (Envelope), Letter, Legal
Paper capacity	550 sheets (2x250 sheets std paper trays + 50 sheets rear multi purpose tray)
Automatic Document Feeder (ADF)	50 pages
LCD display	10.9 cm colour touchscreen
Power consumption Operating / Ready / Sleep / Power Off / TEC	19 Watt (standalone copying, ISO/IEC 24712 pattern), 0.8 Watt (sleep mode), 9.7 Watt (Ready), 0.2 Watt (Power off), 0.14 kWh/week (TEC)
Dimensions (W x D x H)	425 x 500 x 350 mm
Weight	17.8 kg

PRECISIONCORE
Heat-Free Technology

Micro Piezo Heat-Free Technology

1 Indicative volume only. Yield is dependent on area coverage.

2 Determined in accordance with ISO/IEC 24734 showing the average of ESAT from the Office Category Test for default simplex. For more information visit www.epson.eu/testing

3 The edge-to-edge print function is designed for occasional use. There is a limit to the number of prints that can be produced on this mode, before requiring replacement of the ink pad. After this limit is reached, printing on standard mode is still possible.
Please refer to the user manual and warranty conditions for additional details.

4 The Maximum Monthly Duty Cycle, is the maximum number of printed pages the devise can print on a given month, based on the performance capabilities of the printer, including ISO rated print speeds and paper handling capabilities. This is not a sustainable long-term print volume. Epson recommends that the average number of printed pages per month do not exceed the stated recommended print volume ranges for longer term print quality and reliability.

5 AirPrint-enabled printers work with iPhone 4s and later, iPad 2 and later, all models of iPad Air and iPad mini, and iPod touch 5th generation with the latest version of iOS, and Mac with the latest version of OS X.
