

# Nokia 2.4

Bigger. Smarter. Tailored to you.

## Colours:

Dusk

Charcoal

Fjord

## Key features:

Nokia 2.4 lasts up to 2 days with Adaptive Battery technology<sup>1</sup>, takes detailed night shots with AI imaging and unlocks easily with your fingerprint or a glance. Bring great stories to life with the impressive 6.5" HD+ 20:9 screen. Plus, it's ready for Android™ 11 and beyond so you can look forward to 2 years of Android upgrades and 3 years of monthly security updates.

### Details in the dark.

Moments worth capturing don't always happen in the light of day. With Night mode's advanced image fusion and exposure stacking, you can capture vibrant detail in darker conditions.

### Goes on and on and on.

Power through your day. Nokia 2.4 lasts up to 2 days<sup>1</sup> on a single charge thanks to the 4500mAh<sup>2</sup> AI-assisted Adaptive Battery. It learns what apps you use the most and prioritizes power for them – so you can use more of the features you love, for longer.

### Go big.

Whatever you do, do it bigger on the 6.5" HD+ screen.

### Strike a pose.

Art direct your world with Portrait mode's custom shapes and blurred backgrounds. Plus, with the new Portrait Editor, you can refocus and edit pictures long after you've snapped them.

### Unlock in an instant.

Unlock your device quickly and easily with a convenient fingerprint sensor. Or, simply use the AI face unlock.

### Ready for what's next.

Nokia 2.4 delivers a pure software experience with a streamlined interface and no bloatware. Plus, you can enjoy the latest Android features and security with 3 years of monthly security updates and 2 years of software upgrades. So, you get more out of your phone for longer.

### Design inspired by our Finnish roots.

Looks good. Feels strong. The 3D nano-textured cover sits securely in your hand and has a stunning finish. Plus, the diecast metal chassis with polycarbonate shell gives your phone rigidity and a comfortable feel.

## Key specifications: <sup>3</sup>

Network speed:	LTE Category 4
OS:	Android 10/ Android 11 ready
CPU:	MediaTek Helio P22
