

Mobile information board MAULsolid, foldable

- **Sturdy, robustly constructed base model, designed by MAUL**
- **For mobile use: Foldable, easy to carry, space-saving storage, convenient transport thanks to easy removal of the support feet, includes a set of casters**
- **Simple: Folds up using a sliding latch**
- **Versatile: Can also be used as a partition wall system**
- **Sturdy on a level surface: Center profile (tongue-and-groove system) made of powder-coated aluminum keeps the surface flat**
- **Durable: Surfaces on a 15 mm thick, dimensionally stable core using sandwich construction**
- **Includes 4 double casters, 2 of which are lockable**
- Board dimensions: 150 x 120 cm (H x W), total height approx. 193.5 cm, can be used on both sides
- Sturdy: Powder-coated aluminum frame made of durable hollow-chamber profiles, approx. 1 mm thick
- Gentle on surfaces: Corners made of shatterproof plastic, adjustable feet with felt floor protectors
- Felt: pinnable surface of high quality felt, self-healing for permanent use
