PanzerGlass™ screen protector for MacBook with easy magnetic attachment on the display, features the world's first and only Dual Privacy™ screen protector with a smooth built-in camera cover to meet all your privacy needs in one high-performance product. A confidentiality filter renders the content of the display almost invisible to everyone except the user of the device. At the same time, it reduces blue light exposure and features an anti-glare coating, that reduces light reflections reaching your eyes without affecting the visibility of the display.

PanzerGlass™ delivers ease of mind by providing industry leading screen protection for cell phones and tablets. At only 0,4 millimeters thick and meticulously engineered to compliment the design of your phone, PanzerGlass™ provides impact protection and scratch resistance second to none. Available to virtually every phone and tablet model currently on the market.
