DELL WEBCAM – WB3023

Connect like you're there

Collaborate confidently and make every video conferencing connection authentic with our 2K QHD webcam. This external webcam offers a superior image quality over a FHD webcam and delivers an uncompromised video quality that is essential for everyday use.

Uncompromised Video Quality

Complete your workspace setup with a 2K QHD webcam that includes a Sony image sensor, offering crystal clear, vivid and vibrant picture clarity.

Thoughtful Design

The built-in noise reduction mic¹ enables clear communication. This webcam also comes with a sliding privacy shutter that protects your privacy when it is not in use. The integrated mounting clip allows easy attachment to your monitor, notebook or tripod.²

Seamless Collaboration

Simply connect the Microsoft Teams and Zoom certified webcam to get started. Customize the webcam setting to your preference via the Dell Peripheral Manager³ software.

1 Please enable the microphone on the Dell Peripheral Manager for Windows or Dell Display and Peripheral Manager for Mac OS application.
2 Tripod not included.
3 Dell Peripheral Manager is compatible with Windows 11, 10. For Mac OS, please download Dell Display and Peripheral Manager software.

DELL WEBCAM – WB3023

Collaborate confidently with this essential webcam for everyday use

Adjust your view

Sliding shutter protects your privacy; Tilt and Swivel your webcam to find your best angle

Dell Peripheral Manager²

1 Please enable the microphone on the Dell Peripheral Manager for Windows or Dell Display and Peripheral Manager for Mac OS application.
2 Dell Peripheral Manager is compatible with Windows 11, 10. For Mac OS, please download Dell Display and Peripheral Manager software.
3 Tripod not included

DELL WEBCAM – WB3023

Look great, always

Picture perfect

The 2K QHD, 1440p camera comes with a Sony image sensor that offers crystal clear, vivid and vibrant picture clarity

Automatically eliminates grainy images

The combination of Temporal Noise Reduction (3DNR) and Spatial Noise Reduction (2DNR) eliminates grainy images and brings video noise reduction to the next level, offering crisp and clear picture quality even in low light.

Superior video quality in most lighting conditions

The combination of High Dynamic Range (HDR) and Facial Detection Auto Exposure (FDAE) optimizes your visual experience and delivers true-to-life color in most lighting environments.
