

Epson Technical Security Module (TSE) for Germany (microSD) 5 years

The fiscal-ready¹ Epson TSE for Germany is a certified Technical Security Module (TSE) required by the German Cash Security Ordinance (Kassensicherungsverordnung) in a microSD card format. It is also compliant with the Technical Guideline TR-03153 from the BSI.

Legal compliance

The Epson TSE for Germany keeps you compliant with the German Cash Security Ordinance (Kassensicherungsverordnung), which comes into effect on January 1st, 2020.

Easy integration

Simply insert the TSE into a compatible Epson POS printer³ (please check the compatible models; an additional USB-Hub may be required).

Cost effective

Unlike other subscription and monthly payment alternatives, you only pay for the TSE to be compliant, with no extra or hidden fees².

Easy to install

The Epson TSE for Germany doesn't need an internet connection to keep you on the right side of the German fiscal law.
