

# CRAYON

## UNLOCK WHAT'S POSSIBLE INSIDE THE CLASSROOM.

Crayon is a versatile, pixel-precise digital pencil that elevates the way teachers teach and students learn in classrooms. Designed specifically for iPad (6th generation), Logitech Crayon brings another dimension to learning, helping students and teachers unlock the power of hundreds of educational apps. Shaped to fit comfortably in hands of all sizes, it's tough enough to be slipped in and out of bags and used in the classroom. With a 1.2-metre drop protection, prey-resistant, replaceable parts and a unique flat shape that ensures Logitech Crayon doesn't roll off desks or tables, it's the perfect learning tool.

Logitech Crayon Tip:

- Tilt sensitivity for dynamic line weight
- Palm rejection technology ignores stray touches
- Tip can be damaged if Logitech Crayon is dropped and may also wear down with extended use. If either of these occur, tip will need to be replaced to avoid damaging iPad screen. Replacement tips can be purchased at: <http://support.logitech.com/product/crayon/spare-parts>

Product setup:

- To start using Logitech Crayon, simply turn on and draw. No software downloads or pairing required.

Edu only:

- There is no limit to how many Crayons you can connect at one time. The firmware update app can update 8 devices at a time. Every update takes about 2 minutes. To get notifications about software updates, product tips, and more, visit: [https://support.logitech.com/en\\_us/product/crayon/register](https://support.logitech.com/en_us/product/crayon/register)
