

Classroom ready.
IT friendly.
Schoolyard tough.

Satellite Pro E10-S-101

Students need technology that helps them realise their potential, but education budgets are tight and device management can be arduous. That's why we created the Satellite Pro E10-S - an affordable laptop tailor-made to meet the needs of pupils and IT teams alike. This 11.6" device is and has been engineered to resist excess pressure and unexpected drops*. With up to 10 hours of use on a charge** and a powerful dual-core Intel® Celeron™ processor, it'll support uninterrupted learning both in and out of the classroom. And thanks to Microsoft Shape the Future eligibility, plus uncomplicated manageability and robust security, it'll reduce the burden on IT administrators, too.

Strengthened
ports, hinges
and keyboard

Just 1.15 kg
and 19.9 mm
slim

Up to 10 hours
battery life*

USB Type-C™

Device
encased in
rubber bumper

* The E10-S's frame has been tested to withstand pressure of up to 100 kg and drops from standard desk height
