

Mobile information board MAULsolid, foldable

- **Sturdy basic model with high stability, designed by MAUL**
- **For mobile use: Foldable, light to carry, place-saving storage. Easy transport thanks to dismantable legs, wheels included**
- **Easy: Folding by means of sliding bolt**
- **Versatile: Can be used as partition wall**
- **Plane and resistant surface: The middle profile (tongue-and-groove joint) made of powder-coated aluminium keeps the surface plane**
- **Durable: Covering on 15 mm thick stable kernel made in sandwich technique**
- **Including 4 double wheels, 2 of them lockable**
- Board size 150 x 120 cm (H x W), total height approx. 193,5 cm, both sides can be used
- High stability: Plastic-coated aluminium frame made of strong hollow profile, thickness approx. 1 mm
- Protected: Shock-proof plastic corners, legs have felt floor protection
- Felt: pinnable surface of high quality felt, self-healing for permanent use
- Guarantee: 2 years
