

Headset Wired

00184157 "Glow" Headphones, Earbuds, Microphone, Lightning, black

Highlightstext:

- "Glow" stereo headphones - listen to your favourite music and never miss another call again
- Operate the main functions of your smartphone without picking it up
- Supports existing Siri voice assistant
- Thanks to the integrated microphone you can easily switch between music playback and call answer. So you will no longer miss a call when listening to music.
- Volume control for individual, continuous volume adjustment
- The kink protector between the earphones and the cable prevents cable breakage thus increasing the service life
- Compatible with all Apple models with Lightning output
- No batteries or rechargeable batteries - the headphones are ready for use at all times
- No WLAN or Bluetooth needed - connection via the Lightning plug

Note for Consumers:

MFI products are licensed by Apple and suitable for connecting to an iPhone, iPad and iPod. Apple requires high quality standards and verifies these standards before the products' market launch.
