Product Description

Professionals with premium laptops often struggle to unlock the full potential of their devices. For those wanting to connect multiple high-resolution displays, transfer data at high speeds, and expand connectivity without relying on adapters, the SD5000T5 Thunderbolt™ 5 Triple Video Docking Station is the ultimate powerhouse. Providing a powerful single-cable solution that helps you be more productive, it supports multiple 4K monitors for expanded visual productivity, turbocharged speeds for working with large files, more ports for connecting accessories without using adapters, and amplified charging for meeting the demands of high-power workstations.

Features

- Boost productivity with speeds up to 80Gbps, with Bandwidth Boost providing up to 120Gbps for video-intensive usage.

- Contains 100% post-consumer recycled (PCR) aluminum*– and delivered in Forest Stewardship Council (FSC®) certified packaging. * The outer casing of the docking station is made of aluminium, excluding the PCBA and any related inner components.

- Supports up to three 4K monitors @ 144Hz or two 8K monitors @ 60Hz. MacBook models with M4 Max chipsets support up to three 4K monitors @ 60Hz. MacBook models with M4 Base, M4 Pro, or M1/M2/M3 Pro and Max support up to two 6K monitors @ 60Hz.

- Delivers up to 140W Power Delivery to meet the demands of high-power workstations.

- Productive 11-in-1 design provides increased efficiency and seamless connectivity to various setups.

- Built-in SD and Micro SD card readers provide ultra-fast file transfer options.

- Plug-and-play solution for Thunderbolt™ 5, Thunderbolt™ 4, USB4®, and USB-C® devices running Windows 11 (23H2 or later) or macOS (14.5 or later).

- Zero-Footprint Mounting option to support a tidier workspace.

- Offers security cable lock slots to support device protection.

- Includes free Kensington DockWorks™ software to ensure the best connection, performance, and security from your Kensington dock.

- 3-Year limited warranty.
