

Flatbed Scanner Unit 201

Optional A3 Flatbed
Scanner Unit 201

you can

High speed optional A3 Flatbed scanner.
Perfect for scanning bound and fragile media.

High performance boosts productivity

Canon's A3 Flatbed scanner offers high speed scanning at up to 3.5 seconds. Connect the device to a DR-scanner and you can enjoy high speed batch scanning alongside fast A3 Flatbed scanning – saving time and improving productivity.

Versatile media handling

Scan a wide range of media including books, ledgers and fragile documents – perfect for government offices, libraries, the construction industry and general office departments.

Extend the power of your DR-scanner

Optimise both ADF and flatbed capture in a seamless scanning operation. Scan in multiple formats into a single document file and send directly to various output destinations including email, folders and popular data management applications with ease.

Outstanding features and benefits include:

- High performance A3 Flatbed scanner
- Rapid scanning speeds
- Simple USB connection with imageFORMULA scanners
- Seamless dual scanning, single file operation
- Includes unique ambient light cancelling mode
- Access to the DR-scanner's powerful image processing features
- Perfect for capturing bound and fragile documents
- Compact and robust design ideal for demanding environments
