

## Meet Microsoft Business Pen

Easy, natural inking—customized for you

Take notes, fill out forms, and collect signatures with Microsoft Business Pen. The durable pen tip is replaceable, and it's easy to prevent loss with a built-in slot for a tether or clip to Surface Type covers.

For a setup that's unique to you, discover additional pen grips that you can 3D print through Shapeways.<sup>1</sup>

### Essential inking experiences

Write and draw naturally with a pen built to last through heavy use and with no setup—it works as soon as the pen tip touches the screen.

### Adapts and grows with you

Discover Microsoft approved pen grip designs that you can 3D print<sup>1</sup> for a custom pen that's unique to you.

### Built to last when working on the go

Designed to be easy to keep track of with the built-in slot designed for a tether or a clip that attaches to Surface Type Covers

## 3D printing that works for you

Configure and print 3D-printed pen grips designed and tested by Microsoft in partnership with the disability community. Visit the [Microsoft Support Page](#) for more information.
