

## Mains Lead

00223276 Power Cable with Euro Plug, 2-pin Plug, AC Connector C7, 5 m, white

### Highlightstext:

- 2-pole power cable for connecting various electrical devices to the 230 V power supply network
- Moulded plugs ensure high mechanical resilience and strain relief
- Integrated kink protection and strain relief for protecting the conductors
- Universal power cable for small devices and household appliances, TV sets and active loudspeaker boxes, DVD players, Blu-ray players, satellite receivers, radios, projectors, printers, notebook power supply units, games consoles, etc.
- With European standard connection socket: Euro 8 on AC connector (C7)
- VDE-tested and satisfies all protection requirements
- Replacement for the normal Euro power cable if it is too short or faulty
- Keep as an emergency cable so that you always have an intact device cable handy

### Technical characteristics:

- Colour: White
- Shade of colour: White
- Connection: 2-Pin-Coupling (double groove), Euro Plug
- Number of Wires: 2
- Length: 5 m
- Wire Cross-Section: 0.75 mm<sup>2</sup>
- Max. Connection Performance: 2.5 A

### Delivery:

- 1 mains cable
