

# Corporate Traveller 15.6" Topload Laptop Case - Black

CUCT02UA15EU

## Description

The 15.6" Corporate Traveler Briefcase is designed for the traveling business professional. Features a convenient trolley strap for effortless attachment to your rolling luggage. Made with durable military-grade ballistic nylon and a state-of-the-art SafePort® x D3O protection system to help prevent drop and side-impact damage, you can rest assured your devices are protected.

The case features a dedicated file section, zip-down workstation with business card holder, pen loops, key clip, and multiple accessory compartments to keep items organized. For added comfort, the case includes a shock-absorbing neoprene Equalizer shoulder strap with non-slip coating to keep the pad in place on either shoulder. This briefcase is designed to expedite your airport security experience and withstand the wear and tear of everyday business travel.

## Sturdy and Secure

Engineered with an advanced SafePort® x D3O® protection system on the base and sides of the laptop compartment, the shock absorbing polymer material offers our thinnest and most advanced protection against impact. D3O® materials are made using a combination of advanced polymer chemistry and cutting-edge design. Soft and flexible, D3O® absorbs and dissipates energy during an impact, dramatically reducing the amount of force transmitted to the laptop during a drop or fall.

## Intuitive Organization

With a tablet compartment, convertible file organizer, and zippered side pocket, this briefcase is incredibly organized so that finding your pens, phone, and travel docs is quick and easy.

## Contoured Comfort

This case is made for comfort. Thanks to a non-slip coating on the adjustable Equalizer shoulder strap, the briefcase stays put while you're walking through the airport or on public transit. Contoured and padded, it's shock-resistant and is made to bear the brunt of your gear's weight.
