

Wireless Charger

00187268 "MagCharge Car FC15" Wireless Car Mobile Phone Charger, Turbo Fast Charge

Highlightstext:

- Wireless and efficient: wireless charging with precise, magnetic alignment - simply dock for wireless charging of all compatible smartphones in the car
- Inductive charging technology for the wireless charging of compatible smartphones
- The integrated magnetic ring means that the Apple iPhone 12, iPhone 12 mini, iPhone 12 Pro, iPhone 12 Pro Max can be easily docked to the charger and perfectly positioned for efficient charging without any tedious alignment by hand
- The combination of wireless charging and magnetic mobile phone holder makes access to the smartphone easier. The device is securely attached without tedious tangled cables
- The induction charger works with all original Apple MagSafe and Hama MagLine products
- Wireless Turbo Fast Charge technology guarantees extremely fast charging, faster than with conventional charging technologies
- Optimized charging process saves the battery thus extending its service life
- Charging process optimized for the device which guarantees maximum charging speed
- Charger for easy charging in a car/lorry
- LED function indicator gives information about the device status
- Superior premium quality with respect to workmanship and performance
- That tedious search for a charging cable and the tangle of cables are no more thanks to the wireless charger
- Quick charger with charging speeds of up to 15 W
- The smartphone can be affixed horizontally and vertically in the magnetic mobile phone holder, making it ideal for use when navigating
- No other attachments required. The smartphone is secured to the magnetic ring
- Stable attachment of the induction charger to gratings with a width of 15 - 35 mm thanks to a clamping device
- Soft silicone pads on the car charger protect your smartphone from scratches and damage
- Charging begins automatically after the smartphone is docked / placed on the charger
- To end the charging process, simply remove the smartphone from the charger
- Smart charging technology: wireless inductive technology (can be used with all compatible devices)
- Smart and safe charging: overcharge, overvoltage and short circuit protection

Technical characteristics:

- Connection: USB-C-Connector
- Display: LED-Funktion
- Input Voltage 1 / Max. Input Current 1: 5 V / 3 A
- Input Voltage 2 / Max. Input Current 2: 9 V / 2.22 A
- Input Voltage 3 / Max. Input Current 3: 12 V / 1.67 A
- Max. Output Power: 15 W
- Charge Technology: Wireless Fast Charge
- Upload Speed: Fast Charge
- Colour: Black
- Product Division: Mobile Phone
- Productline: Prime Line
- Shade of colour: Black
- For End Device Brand: Apple
- Usage: Mobile Phone
- Required accessories: Vehicle Charger

Delivery:

- 1 "MagCharge Car FC15" wireless car mobile phone charger
- 1 holder for grating

Wireless Charger

00187268 "MagCharge Car FC15" Wireless Car Mobile Phone Charger, Turbo Fast Charge

- 1 car adapter for the power supply (PD 20W)
- 1 USB-C - USB-C charging cable
- 1 instruction manual
