## TravelMate P4 Spin 14

Intel® Core™ i7-1355U  
Acer Dust Defender Technology  
TCO Certified & EPEAT Gold Registered<sup>2</sup>

1. Specifications may vary depending on model and/or region. All models subject to availability. 2. For more information on our TCO Certified and EPEAT Gold devices, please contact your local sales representative.

# TravelMate P4 Spin 14

The TravelMate P4 Spin empowers hybrid workers in SMB and Enterprise. Built on the Intel® Evo™ vPro™ Platform, this 2-in-1 Acer business laptop offers an improved user experience thanks to its fast performance and connections, quick charging battery, and convenient stylus for taking notes.

## Premium Design

Durable and lightweight, this 2-in-1 convertible laptop features a magnesium-alloy chassis, a 360° flippable hinge, and a thin-bezel 16:10 touchscreen display with up to WUXGA resolution and a dockable stylus.

## Next Gen Performance

This sleek and powerful laptop is powered by the Intel® Evo™ vPro® Platform and features a 13th Gen Intel® Core™ i7 CPU<sup>1</sup> in addition to a discrete NVIDIA® GeForce RTX™ 2050 GPU<sup>1</sup>, 64 GB SODIMM memory<sup>1</sup>, and a 65W long-lasting, fast-charging battery<sup>1</sup>.

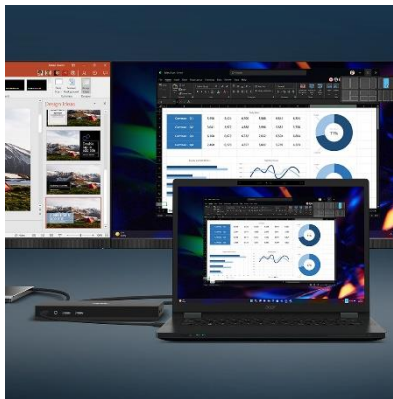

## Keeping Dust at Bay

Our latest Dust Defender technology allows the fan to blow dust out and minimize dust accumulation so that performance stays strong. The automatic cleaning functionality occurs when you power on your system and after every 6 hours of use.

## Optimized Video Conferencing

Simplify video calls with this work from home laptop's FHD<sup>1</sup> IR webcam with privacy shutter, enhanced voice capture with Acer PurifiedVoice's AI-powered noise-reduction, and upward-facing speakers with DTS® Audio.

## Faster, Stronger Connections

Featuring 2x2 Wi-Fi 6E, optional 4G LTE<sup>1</sup> connectivity, and two full-function USB4 Type-C ports with Thunderbolt 4, this keeps you on the move while also enabling multiple 4K displays, file transfers, power charging, and more.

## Security & Privacy

Log into your device easily and securely with IR facial recognition or the power-on fingerprint reader<sup>1</sup>. Acer User Sensing technology also helps secure your data by automatically locking your screen when you leave and waking up when you return.

1. Specifications may vary depending on the model and region. All models subject to availability.

# TravelMate Solutions

Be it at home, work, or at the frontline, TravelMate's streamlined selection of laptops offer solutions for the new challenges that professionals face today.

## Collaboration

No matter where you are in the world, make use of adaptable collaborative tools to easily get things done together with your colleagues.

## Security & Privacy

Protect your privacy and your data from unwanted access with the latest security features and designs.

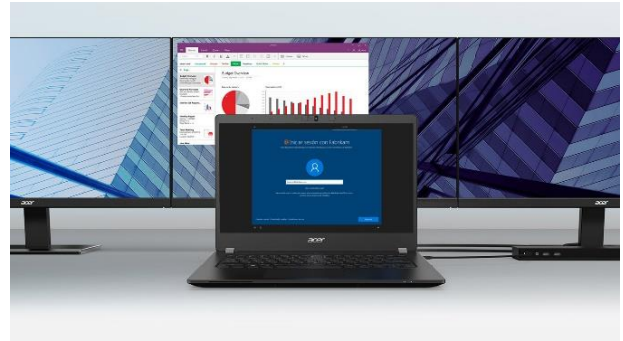

## Added Protections

Combine military grade durability, reinforced IO ports, and more for not only a high-performing professional laptop, but one that overcomes all the challenges that work and life throw at it.

## Productivity

Combining next-gen hardware, intuitive designs, and highly functional applications, you'll be able to get more done in less time than ever before.

## Organizational Efficiency

Optimize resources and save your IT team from undue hassles with highly efficient applications to deploy new devices, secure them, enable remote access, and more.

## Sustainability

Acer is committed to creating a green revolution within the technology industry. The TCO certified<sup>1</sup> and EPEAT<sup>1</sup> Gold-rated TravelMate products contain post-consumer recycled plastic, and use 100% plastic-free and recyclable packaging. We ensure that the products we offer are environmentally responsible as well improve your ESG performance.

1. EPEAT® registration and TCO certification vary by model and country. For more information, please search the EPEAT® and TCO registry, or contact your Acer representative.

1. Specifications vary depending on model.

2. Shared system memory may be allocated to support graphics, depending on system memory size and other factors. Actual system memory available to the operating system will be reduced by any memory used by the graphics solution and resources required by the operating environment.

3. Memory speed may vary, depending on the CPU, chipset or memory fitted.

4. A 64-bit operating system is required to enjoy the ultimate performance of 4 GB or higher memory.

5. All brands and product names mentioned herein include trademarks of their respective companies and are used solely to describe or identify the products.

6. Not all features indicated are supported on all SKUs

7. 1 GB is 1 billion bytes, 1 TB is 1000 GB. Actual formatted capacity is less and may vary depending on preloaded materials and operating environment. Acer Recovery Management uses a portion of the stated hard disk capacity as dedicated backup space

8. Minor variations in system dimensions are possible due to the manufacturing process.

9. Weight may vary depending on product configuration, vendor components, manufacturing variability, and selected options.

10. Actual battery life may vary considerably by specifications, depending on product model, configuration, applications, power management settings, operating conditions, and features utilized. Performance variation also arises based on components in use, which includes but is not limited to the processor, RAM capacity, storage, display and resolution, etc.

11. Bundled software may vary depending on hardware configuration, OS and regional availability.

12. EPEAT® registration varies by country. See <http://www.epeat.net/> for registration status for each country.

In a continuing effort to improve the quality of our products, information in this document is subject to change without notice. Images shown are only representations of some of the configurations available for this model. Availability may vary depending on region.

As a phenomenon known to thin-film transistors (TFTs), liquid crystal displays (LCDs) commonly exhibit a small number of discoloration dots, as so-called "non-conforming pixels." This phenomenon is a limitation of TFT LCD technology, not a product defect, and as such is not covered by Acer's warranty.

## What We Offer

### Innovative Solutions\*

Acer offers a range of unique services that simplifies everything from purchasing your product with Acer Device as a Service (DaaS) and trade-in programs to deploying and managing your device with Acer Office Manager and Acer ProShield Plus.

### Guaranteed Peace of Mind\*

All TravelMate products include a minimum one-year International Travelers Warranty. Depending on your region, you can extend this warranty for up to 5 years while also taking advantage of additional coverage for the battery, data recovery, media retention, and insurance for accidental damage.

### Award-winning Service\*

Our award-winning service model allows us to quickly and efficiently support your business to meet challenges head-on. With more than 3,000 service and repair centers in 160 countries and regions, Acer for Business provides round-the-clock access to skilled and experienced technicians across the globe.
