**XTRFY M8 WIRELESS  
ULTRA-LIGHT GAMING MOUSE**

# M8 WIRELESS. THE AIM CHANGER.

Meet top-tier wireless performance and a shape unlike any other. With its innovative low front, the M8 Wireless is uniquely designed to offer a new level of control and accuracy.

# ULTRA-LOW FRONT FOR HIGHER PRECISION.

The M8 Wireless is not your standard symmetrical mouse. With a button height as low as 4 millimeters at the front, it allows you to move your fingers closer to the pad for more precision in every swipe.

# ESPORTS-GRADE WIRELESS PERFORMANCE.

Xtrfy was born out of esports, and performance comes first. We've spent the last years developing our wireless technology so that professional gamers can count on it to perform when it matters the most. The M8 Wireless comes with lag-free 1 ms wireless connectivity and Pixart's highest-performing gaming sensor, 3395.

# SOLID SHELL. WIRELESS. STILL JUST 55 GRAMS.

Despite being wireless with a 300-mA battery and a hole-free chassis, the M8 is Xtrfy's lightest mouse yet. Carefully constructed for minimum weight without compromising durability.

# PLAY FOR 75 HOURS. CHARGE IT FOR 2.

The battery has got you covered during those all-weekend LANs and marathon streams, with a playtime of up to 75 hours\* per charge.
