

Keystone Distribution Box

Description

Description

The compact plastic case can be used for collecting points at desks, intermediate ceilings or in underfloor systems. The empty case is also suitable for wall mounting.

The extensive accessories makes the following variants possible:

6 keystone modules when using the rear cable entries

12 keystone modules maximum when using the cable entries at both sides

The lower part of the case with opening for cable entry and fixing holes for wall mounting

Specifications

For 6 or 12 keystone modules from the EFB-Elektronik portfolio

Colour: pure white, RAL9010

Material: ABS

Dimensions: 170 x 110 x 40 mm (L x W x D)

Suitable for wall mounting

Plastic housing consisting of:

1 x upper housing shell, 1 x lower housing shell, 2 x adapter inserts with openings for 6 keystones, 1 x adapter insert for 6 cable entries, 2 x side cover

Delivery without modules

General data

Category	-
Flush-mounted installation/build in installation	False
Duct installation	False
Surface mounted	True
