Connect
Universal USB-C® 11-in-1 Pro Dock

Keep your devices powered and engaged with a dock built to plug and play right out of the box — complete with Silicon Motion technology, giving you more power and productivity.

Built with function in mind, this dock helps you stay connected, powered and productive no matter where you place it on your desk. Gain access to 11 additional ports, up to 100W of PD charging, support for up to three monitors, and a dock that doubles as a laptop stand. All of this wrapped together with the latest Silicon Motion technology, giving you access to more screens without the need for a driver.*

Product Benefits

- Features the latest Silicon Motion technology, adding more power and productivity to your setup
- Puts you in control of your workstation with additional key ports that newer laptops no longer support
- Expand your screens to 3 monitors with resolution of up to 4K at 60Hz for one monitor
- No need to install a driver with Silicon Motion technology (downloadable driver available*)
- Doubles as a laptop stand and features a 350mm centered connection cable, enabling easy connection to your laptop in any space
- Keep your devices powered and engaged with up to 100W of pass-through power[†]
- Take advantage of fast transfer speeds of up to 10Gbps[‡] to spend less time transferring and more time working
- Enjoy 2.5Gbps Ethernet speeds for a safe, secure connection
- Features a built-in Kensington lock for added security in the office
- Product is made with a minimum of 72% post-consumer recycled content and 100% plastic free packaging

Package Includes

- Universal USB-C 11-in-1 Pro Dock, 13.7 in./350mm cable

Technical Specifications

- 2x HDMI (HDMI 2.0, HDMI 1.4)

belkin®

The Belkin Connect Family

Connect products are all about making connections. From cables that charge and share data, to docks that bring devices together for a more streamlined experience, Connect delivers data in the most efficient way possible, while maintaining the highest levels of quality. The very first product Belkin released to market was a cable, and we are proud to say that making connections has been an essential part of our story ever since.

The Belkin Connect Family Characteristics

- One-cable solution to connect essential peripherals to a computer
- Single solution to connect you to multiple peripherals
- Multiple ports provide fast, simultaneous connection
- Designed for portability to facilitate quick and easy workstation setup and takedown

The Belkin Difference

- Pioneer in innovation and technology for 40 years
- #1 third-party maker of wireless charging accessories§

Made with recycled plastic products‡   **100% plastic-free packaging**

‡Housing (excluding cable) is made of a minimum 72% post-consumer recycled content.

SKU#: INC014btSGY

*For the best user experience, it's recommended to download Silicon Motion driver depending on your laptop type. Please consult your laptop's user manual for compatibility information.

†USB-C port supports pass-through charging up to 100W, minus 15W for the dock's operation. Performance depends on laptop requirements.

‡Compared to the 2-port and 5Gbps transfer speed hubs on the market.

§Belkin has sold more units than any other third-party wireless charging brand since Jan. 2014. The NPD Group, Inc. U.S. Retail Tracking Service, Mobile Power, Charger Wireless, Jan. 5, 2014, to Feb. 11, 2018.
