

Cable Duct

00220985 Cable Duct, Self-adhesive, Semicircular, 100 x 7 x 2.1 cm, PVC, black

Highlightstext:

- For the secure routing and protection from damage of cables and wires
- Space for up to 8 cables such as image, data, audio or power cables
- The upper part is simply clipped onto the lower part and can be quickly removed if necessary
- 3M adhesive strips for quick attachment e.g. to the back of equipment, desks, etc.
- Hide cables: whether on the wall, on the skirting board or on the floor - the duct can be used anywhere
- Visually appealing, semi-circular and barely visible cable guide (height just 21 mm), e.g. for inconspicuous cable routing to wall-mounted flat TVs or ceiling-mounted projectors
- Easy to mount using the self-adhesive back (3M adhesive strips) or screws
- Flexible and robust: the PVC cable duct is easy to lay; can be shortened, angled or drilled with standard tools
- Ideal for power cables, network cables, patch cables, video cables, audio cables, telephone cables, SAT cables, antenna cables, loudspeaker cables, Toslink cables, HDMI cables, etc.

Technical characteristics:

- Colour: Black
- Shade of colour: Black
- Material: Polyvinyl Chloride (PVC)
- Depth: 2.1 cm
- Width x Length: 7 x 100 cm

Delivery:

- 1 PVC cable duct
