

Socket Adapter

00223342 4-Way Multi-Adapter for Socket, 1 USB-C PD, 2 USB-A, 1 Earthed Contact, 20W

Highlightstext:

- Compact multi-socket adapter without cables: simply plug into the existing socket and instantly convert one connection into four - giving electrical devices further connection and charging options with USB-C, USB-A and earthed contact
- 1 becomes 4: whether mobile working, home office or in the bedroom - this power strip conjures up four connection options from one socket - 1x USB-C, 2x USB-A and 1x earthed contact
- Charge at high speed: the USB-C port supports Power Delivery and you can charge your tablet, smartphone, etc. extremely quickly with up to 20 Watts
- 2 integrated USB-A sockets deliver fast charging with up to 20 Watts: ideal for all devices that are charged and operated via USB, e.g. tablet, smartphone, power pack, console
- Electronic devices can continue to be connected thanks to integrated socket, meaning no socket is lost
- Socket adapter with rest: simply place the mobile phone on the additional socket while charging - no more hassle with charging cables that are too short
- Ideal for quickly charging several devices via USB at the same time
- Connected devices are automatically recognized and optimally charged
- Optimized charging process saves the battery thus extending its service life
- With increased touch protection to avoid accidental contact
- Earthed contact socket plus USB multi-socket adapter based on common standards: USB double plug for sockets with Type A and a USB-C socket, ideal for charging cables without additional power supply unit
- Safe charging via USB - intelligent chip set for safe charging with overload and short-circuit protection

Note for Consumers:

Please check the product information or operating manual of your terminal device or contact the manufacturer to see whether your terminal device supports PD (Power Delivery) quick charging technology.

The full charging power of 20 Watts is only achieved if only one port is occupied - either USB-C or USB-A. If two or three ports are occupied, the USB charger will charge at max. 15 Watts.

Technical characteristics:

- Colour: White
- Product Division: Home & Living
- Shade of colour: White
- Connection: Socket with Earth Contact, USB-C-Connector, USB-Typ-A-Coupling
- Mains Specification: 16 A
- Maximum Connected Load: 4000 W
- Operating Voltage: 250 V
- Material: Plastic Material
- Number of Sockets: 1

Delivery:

- 1 multi-socket adapter
- 1 operating manual
