

Silver Support Plan

Rapid-Response Support to Complement
In-House Expertise

Quantum's Silver Support Plan is designed for mid-size to large enterprises that want to complement their in-house technical capabilities with on-site Quantum service. The Silver Support Plan entitles customers to a four-hour on-site target response time, Monday through Friday, during normal business hours.

KEY FEATURES OF THE SILVER SUPPORT PLAN

5x9 Telephone Support. For immediate assistance worldwide, Quantum's Technical Assistance Centers (QTAC) provide telephone support Monday through Friday during regular business hours. Quantum's Technical Assistance Center's skilled service professionals can answer technical questions and assist with equipment operation. If on-site service is needed, QTAC will mobilize other support resources from within Quantum's Global Services team. A centralized help and dispatch center, QTAC has locations in North America, Asia, and Europe and offers multi-language support.

On-Site Support. When on-site service is required, QTAC will dispatch authorized service personnel to your site to restore equipment to normal operation. The Silver Support Plan entitles you to a four-hour response time between 8:00 a.m. and 5:00 p.m., Monday through Friday, excluding nationally recognized holidays.

Open Systems, Multi-Vendor Support. Quantum specializes in support for open systems data protection, and most of our customers rely on multiple server and storage platforms. Quantum is committed to providing the kind of proactive multi-vendor support needed in heterogeneous environments. In addition to having cooperative support agreements with vendors of complementary storage products, Quantum is a member of Mission Critical Customer Group and the Storage Solutions Forum of the Storage Networking Industry Association (SNIA). Quantum's Global Services Team has expertise in a wide range of server platforms, operating systems, SAN infrastructure, and data management and backup software.

QUANTUM'S STORAGECARE A SMARTER SERVICE APPROACH

- Our philosophy is different than the conventional break/fix approach. Quantum's comprehensive service approach, StorageCare, leverages advanced data access and diagnostics technology with cross-environment, multi-vendor expertise to resolve backup issues faster and at lower cost. Quantum's smarter approach to service provides remote access to configuration, product information, and technical support resources including on-line service request processing, web-based event status tracking, and Quantum's comprehensive Knowledge Base™.
- A key component of StorageCare is Guardian, a new technology that securely links users, their Quantum libraries and disk backup systems. StorageCare Guardian allows Quantum Global Services to proactively and securely monitor the health of Quantum systems, using intelligent diagnostics data to remotely service Quantum systems if an issue should arise.
- Quantum is proud to earn the prestigious Support Center Practices (SCP) certification. SCP certification is a globally recognized standard for outstanding service and customer support based upon a rigorous, annual audit of over 100 best business practices

KEY FEATURES OF THE SILVER PLAN, CONTINUED

Spares Support and Integrated Logistics Planning. For timely problem resolution, Quantum stocks spare parts in strategic locations in major metropolitan areas. Any spare parts required to perform service are automatically replaced at no charge to the customer. Quantum Global Services maintains an integrated planning system that links spares pools in a global database to ensure that required parts are readily available.

Library Firmware Updates. Library firmware upgrades are available at no charge and can be downloaded from Quantum's Service and Support Website or installed by an authorized service technician. From the Service and Support Website, you can also subscribe to receive Product Support Updates via email for the latest Quantum product information.

On-line Resources. Quantum's Service and Support Website including the on-line Knowledge Base offers extensive product documentation, user manuals, certifications matrix, and other helpful information resources. From the website, you can also download firmware updates and submit a service request with Quantum's ESupport tool.

Preventive Maintenance. To ensure optimal equipment operation, Quantum products may generate an automatic alert when preventive maintenance is recommended. Customers can schedule preventive maintenance between 8:00 a.m. and 5:00 p.m., Monday through Friday, excluding nationally recognized holidays.

Concurrent Maintenance. Whenever possible, Quantum will perform remedial maintenance without disrupting normal equipment operation.
