

UltraCharge Pro

Laptop Power Bank 25K*

Charge up to 158W with this sleek 25K* laptop power bank featuring a durable braided USB-C® cable for easy on-the-go charging without needing an extra cable. A USB-C and USB-A port let you power a second and third device simultaneously, and it's TSA carry-on compliant.*

Product Benefits

- 158W max power output
- 25K battery capacity* provides 17 extra hours for a MacBook Pro 14[§]
- Fast charge three devices at once with integrated braided USB-C cable, USB-C port and USB-A port
- Digital display shows battery status
- TSA carry-on compliant, 90 watt-hours (Wh)*
- Belkin SmartProtect assures safety with rigorous testing
- Pass-through charging allows the power bank to charge devices while it's being charged up to 15W (excluded for BPB039tw)
- Recharge the power bank using integrated cable
- Universal USB-C compatibility for laptops, tablets, phones and earbuds
- Precharged and ready to use out of the box
- Made with 75% PCR materials[†] and plastic-free packaging
- 2-year warranty and \$2,500 Connected Equipment Warranty**

Technical Specifications

- 25K mAh battery capacity*
- Power
 - Input: 90W max USB-C
 - Single output: 140W max USB-C
 - Shared output: 158W max for 2 USB-C + 1 USB-A
 - Pass-through charging: 15W max USB-C (excluded for BPB039tw)
- Dimensions: 6.5 in./164mm (L) x 3.5 in./89mm (W) x 1 in./26.2mm (H)
- Weight: 21 oz./590g
- Color: black, white, sand

Package Includes

- UltraCharge Pro Laptop Power Bank 25K

Compatibility

Universal compatibility supports fast charging USB-C PD devices and standard charging of USB-A devices.

Product made with recycled plastic[†]
100% plastic-free packaging

UltraCharge Pro

The Belkin UltraCharge Family

UltraCharge delivers charging that's effortless, fast and built for the way you live. Evolving from our proven BoostCharge series, it's wireless charging engineered to be as fast as wired. ChillBoost active and passive cooling technology is designed to reduce heat and protect battery life. Universal Qi2 compatibility ensures seamless performance with MagSafe and all Qi2-enabled devices.

The Belkin Difference

- Trusted by 1 billion+^{**}
- Pioneer in innovation and technology for over 40 years
- Extensive testing procedures guarantee quality and durability

*Contains a 25,000 mAh internal battery. Amount of discharge to user's device is less and may vary depending on various conditions.

†Product housing (excluding cable) made from a minimum of 75% post-consumer recycled plastic.

*Watt-hour (Wh) calculations are estimates based on nominal voltage and capacity; actual power output may vary.

§Maximum additional video playback hours calculated by comparing the cell capacity of this power bank with the maximum video playback hours achievable by the MacBook Pro 14 (M5, 2025) under normal conditions. Actual results will vary depending on varying factors for individual users.

**Belkin will repair or replace electronic devices damaged by an electrical charge while properly connected to this power bank, up to \$2,500US/AU/€2,000/£1,500. Visit belkin.com/cew for details.

††Charging technology designed for enhanced heat dissipation. Actual temperatures will vary based on device, usage and environment.

**Belkin has sold over 1 billion products globally since 2000.
