PREMIUM PERFORMANCE AND MODERN MOBILITY

Introducing **Windows 11**, an OS designed for hybrid work. Built on the familiar Windows foundation but reimagined to boost employee productivity and enhance collaboration on the most secure version of Windows yet. It is more productive, more collaborative and consistent for IT, and secure for all.

UNCOMPROMISING PERFORMANCE.

11th Gen Intel® Processors: the latest in computing technology, AI-enhanced 11th Gen Intel® Core™ i7 Processors help you get the most out of your device.

Seamless PC Performance: dual-SSD¹ storage along with discrete NVIDIA® MX450 graphics¹ provides a large storage capacity for heavy files, quicker load times, and improved overall PC performance to get more done.

Multitude of Port Options: today, the nature of work is flexible, and employees need many devices for different tasks. Expand your Lenovo ThinkBook 14 G2 ITL without hassle via its variety of port options, including Thunderbolt™ 4, HDMI, and RJ45.

Intelligent Cooling: not just pretty, with Intelligent Cooling, it runs smooth as well. It adjusts the system output with a balance of fan speed, thermal performance, and all day battery life,² so you can run demanding tasks without throttling.

Snap Layouts on Windows 11: automatically save and restore on-screen project layouts when you re-dock, precisely as you set it, so you can resume working immediately without wasting time configuring the workspace.

REFINED DESIGN THEME.

Dual-tone Top Cover: this next-gen Lenovo ThinkBook is bold in performance and comes with a thin, sleek, and portable design. A dual-tone mineral gray top cover makes every impression you make, a good one.

Metal Exterior: top and bottom covers made of Aluminum add robust build quality and the feel of a superior notebook.

Mobile Build: when you are moving around the office or working remotely, slim and lightweight devices earn their worth. Lenovo ThinkBook 14 G2 ITL is only 17.9mm thick and weighs just 1.5kg, so you can take it anywhere life takes you.

4-side Narrow Bezels: enjoy an impressive view on your notebook that has 5mm-thin bezels and an 85% screen-to-body ratio, giving your display a clean look.

PURPOSEFULLY CRAFTED FOR THE MODERN WORKFORCE.

Marvelous Display: Lenovo ThinkBook 14 G2 ITL features an exceptional Full-HD IPS panel display and 100% sRGB¹ color gamut for vivid images. Navigate between apps and multitask in your unique way on a touchscreen¹ display, while a TÜV Rheinland Low Blue Light certification³ along with Eye Care mode filters out harmful blue light for comfortable viewing.

Service Hot Key: access warranty information, self-service options, and more with the dedicated Service Hot Key on the F9 function key. Raise support tickets, access troubleshoot links, or chat with a virtual agent with one press.

Hero Start Screen: improve your focus with a simpler, more intuitive user experience with a centered Start, clean layout, and effortless navigation on Windows 11.

Microsoft Power Automate: easily automate workflows across applications and simplify routine tasks like reporting, data entry, scheduling, and more with a low-code, guided process, and hundreds of pre-built connectors on Windows 11.

RESOLUTE SECURITY FEATURES.

Smart Power On: a Touch Fingerprint Reader integrated on the power button lets you power on and log in with just a touch while preventing unauthorized access to your system.

All-round Security: Lenovo ThinkBook 14 G2 ITL provides comprehensive security for your data and devices. Hardware and firmware features like fTPM, I/O Port Access Control, Secure Wipe, HDD Password, Self-healing BIOS, and Kensington™ lock slot let you minimize breaches and downtime.

ThinkShutter Camera Cover: maintain camera privacy with a simple flick of the finger. Slide the ThinkShutter close when the camera is not in use.

PREMIUM PERFORMANCE AND MODERN MOBILITY

RECOMMENDED ACCESSORIES

THINKBOOK URBAN BACKPACK PN: 4X40V26080

A multi-functional backpack with an anti-theft pocket ensures security on the move. The padded PC compartment offers cushioned comfort, while the high-quality fabric and stylish PU leather accent add to the contemporary design.

THINKBOOK BLUETOOTH SILENT MOUSE PN: 4Y50X888XX

The ThinkBook Bluetooth silent mouse is modern, low-profile, with an ambidextrous design and silent buttons, making it a must-have premium accessory for your laptop. Sculpted to be comfortable while holding and equipped with a blue optical sensor with track-on-glass compatibility, this mouse works effortlessly even on a glossy surface. Dual-host Bluetooth connectivity (with Microsoft SwiftPair) and 2-way scroll with on-the-fly DPI adjustment to up to 2400 give you more precision and control.

LENOVO THINKPAD THUNDERBOLT™ 3 DOCK PN: 40AN0135XX

Change the way you work with this universally compatible dock station. Thunderbolt™ 3 gives up to 40Gbps transfer rates, so you don't have to wait for heavy transfers. Support for 5K video stream or multiple 4K displays gives you an edge while multitasking or ensuring quality during creation or collaboration. 65W charging and multiple ports for accessories with one cable connectivity let you expand your workspace and work productively with multiple devices.

PERFORMANCE

Processor

Up to 11th Gen Intel® Core™ i7 Processor

Operating System

Up to Windows 11 Pro

Memory

Up to 24GB dual-channel DDR4, 3200MHz

Graphics

Integrated Intel® Iris Xe or UHD graphics
Optional NVIDIA® MX450 discrete graphics with 2GB GDDR6 VRAM

Storage

Up to 1TB M.2 PCIe Gen3 SSD
Up to 1TB 7200rpm HDD
Up to 2TB 5400rpm HDD
Supports dual PCIe SSD slot or SSD+HDD dual drive, depends on models ordered

Camera

HD camera with ThinkShutter

Audio

Stereo speakers with Dolby® Audio™
Dual-array mic
Microsoft Teams certified

Battery

Up to 6 hours² with 45Wh battery, supports Quick Charge Pro
Up to 8 hours² with 60Wh battery, supports Quick Charge

AC Adapter

Type-C, 65W
Mini Wall-Mount Type-C, 65W³

Security

Smart Power Button with Fingerprint Reader
ThinkShutter Camera Cover
TPM 2.0 (firmware)
Kensington NanoSaver™ lock slot

⁴Not available on the FHD TN display

Devices preloaded with new Windows 11 will have separate part numbers

SERVICES AND SUPPORT: ALL-ROUND CARE FOR YOUR LENOVO THINKBOOK 14 G2 ITL

PREMIER SUPPORT

Bypass phone menus and scripted troubleshooting to access advanced-level technicians with the expertise needed to quickly diagnose and solve problems. Get a consistent point of contact within Lenovo to ensure that your case resolution is professionally managed from start to finish.^{1,2}

WARRANTY UPGRADES

Onsite Service maximizes PC uptime and productivity by providing convenient, fast repair service at your place. In addition, with Tech Install CRU service the installation of all internal Customer Replaceable Unit (CRU) parts will be done on your behalf by a trained technician.¹

WARRANTY EXTENSIONS

This fixed-term, fixed-cost service helps you accurately budget for PC expenses, protect your investment, and lower the cost of ownership over time.¹

ACCIDENTAL DAMAGE PROTECTION

Protect your investment from operational or structural damage caused by common accidents like drops, spills, or electrical surges. This protection plan helps with predictable budgeting, minimizes unexpected repair costs and provides significant savings relative to the cost of non-covered repairs.^{1,2}

KEEP YOUR DRIVE

Retain your drive if it should happen to fail, giving you the peace of mind of knowing that your valuable data is secure.^{1,2}

¹ Up to 5 years total duration

² May not be available in all regions

Up to 11th Gen Intel® Core™ i7 Processor
