## Adapter USB-C - HDMI/DP/RJ45/USB/SD

Article number: 4823898

The ARTICONA adapter with DisplayPort and HDMI stands for a versatile expansion of connections for notebooks, ultrabooks, smartphones, and tablets. Thanks to MST technology, the adapter allows the use of two video connections via a single USB-C connection. In addition, you can simultaneously connect network, USB, a card reader, and power supply with an output of up to 85 W.

### Highlights:

- Maximum resolutions up to 8k 30 Hz (Single Display) or 2 × 4k 60 Hz (Dual Display)
- Two USB 3.0 Type-A ports for peripheral devices
- Supports two monitors simultaneously
- Supports extended desktop mode
- With Power Delivery 3.0 function up to max. 85 Watts output power (input max. 100 W)
- SD and micro SD card reader
- Cable length approximately 15 cm
- Aluminum housing

### Specifications:
