

## Headset Wireless

00184110 Mono-Bluetooth® Headset "MyVoice2100", Multipoint, Voice Control, black

### Highlightstext:

- Ultra-light Bluetooth mono headset with practical charging cradle for comfortable telephoning while driving, in the office or when travelling: all functions can be controlled directly on the headset without picking up the mobile phone
- Custom-fit: Charging station in the shape of a dish ensures a secure stand and tidiness on the table
- Simple handling: The charging tray can be conveniently attached to the car's ventilation grille via a clip - for quick access to the Bluetooth headset while driving
- Always within reach: the 80 cm charging cable allows flexible placement of the charging cradle in the car and on the office desk - so the charged headset is always within reach
- Easy to use: Smartphone functions can be controlled via the multi-function button directly on the mono in-ear headset (e.g. make / reject calls / last number redial / music)
- One-ear headset for 2 devices: multi-point allows headsets to be connected to two smartphones simultaneously
- Convenient voice control: supports the Siri and Google Assistant voice assistants
- Thanks to the integrated microphone you can easily switch between music playback and call answer. So you will no longer miss a call when listening to music.
- The right size for the ear: the ear hooks in two different sizes (S, L) allow an ergonomic grip on the ear without pressing
- The silicone ear pads in three different sizes (S, M, L) ensure a customised, perfect fit of the wireless mono headset
- To accept a call, simply remove the wireless headset from the charging cradle
- To end the call, place the headset back in the charging cradle
- Flexible connection with several Bluetooth-enabled devices, e.g. for PC, notebook, smartphones, tablets, etc.
- Also suitable for video conferencing, e-learning, streaming, music, podcasts, audio books, GPS navigation, etc.
- Volume can be controlled directly on the mono headphones or via voice recognition
- Enables hands-free telephony and freedom of movement thanks to 10 m radio range
- Eliminates the need to retrofit a hands-free car kit, perfect for business trips and road trips
- Passive noise suppression: design with silicone in-ear attachment reduces interfering noise
- Single hook ensures a secure grip and is suitable for the right or left ear, since the earhook is flexible in terms of how it clips on
- Micro-USB charging station: magnetic holder for the headset when not in use
- If required, spectacle wearers can wear the headset without ear clips
- The wireless headset can be used to check the charge status on iOS and Android devices (if supported by the device)
