Notebook VESA Mount

Article number: 4811282

- Universal mount which allows mounting on a monitor arm or another mount with VESA 75 × 75 to elevate a notebook for an ergonomic and organised work environment
- With adjustable claws and a safety ledge, it can firmly secure the screen at eye level for improved posture and reducing neck and eye strain
- The cable slots designed on the claws ensure accessibility and keep a clutter-free look
- Good Ventilation: open design and aluminium material offers increased air circulation, therefore works as a heat sink
- VESA Compatible: supports mounted on panel with standard VESA holes (75 × 75)
- Width Adjustment fits a variety of appliance/device sizes and shapes
- Safety Ledge Stopper prevent your devices from slipping
- Non-Toxic Silicone Pads protect laptop from being scratched and secure it in position
