

EDGE BAND RUGGED TABLET PROTECTION

SKU: BNDTA8

PRODUCT

The "EDGE" protective band is a strong, cushioned rubber add-on that surrounds your tablet to protect it from marks, scratches and dents. Perfect when paired with our adhesive lock plates, grips and stands for protected tablet mobility.

With the EDGE band, the tablet is easier to grasp and reduces the concern of dropping and damaging it.

Strategic cutouts in the case allow you to easily use all tablet's buttons, ports and cameras. Pair with our Double Glass screen protectors for total tablet protection.

PRODUCT

Material Silicone

TECHNICAL DATA
