

COMPARISON MATRIX

PERSONAL COLLABORATION

Logitech® headsets enhance video collaboration in any workspace whether in the office or while working remotely. Logitech Zone headsets are designed to help you control your acoustic environment to enhance focus and productivity, no matter where and how you work.

LOGITECH ZONE HEADSETS

As businesses embrace video collaboration, Logitech solutions can help you look and sound great on video calls. Logitech Zone Wired and Zone Wireless headsets take sound quality one step further by enabling you to define your soundscape. You can transition easily from talking to music or general noise reduction for when you need to get stuff done. Equipped with a noise-cancelling microphone, you can be sure that your voice, and not the noise around you, is heard on the other end of the call. Certified for business with leading video calling platforms, Zone headsets are easy to use with computers, laptops, tablets, and smartphones. Whether for collaboration, communication or concentration, Zone headsets are made for every work mode.

LOGITECH ZONE HEADSETS FOR BUSINESS

Logitech Zone headsets are certified for Microsoft® Teams, Skype® for Business, and Google Voice™, and are compatible with integrated mute controls for Zoom™. They work with other popular applications¹ also to ensure seamless integration in the workplace.
