## HP Docking Station Cable Lock and HP Master Keyed Docking Station Lock

Use these locks to lock the docking station only (which also prevents access to the advanced docking stations drive bay) or lock both the docking station and the notebook.

### Key Benefits

- Physically secure your notebook and docking station in just three steps.
- Secure the drive bay in your HP 120W or 230W Advanced Docking Station.
- Integrate into the HP Docking Station or HP Advanced Docking Station via the unique lock cavity providing enhanced security.

**NOTE:** HP Security Cable locks are designed, tested, and proven to be an economical and effective deterrent to help prevent opportunistic theft. While HP Security Cable locks help protect supported computer equipment from theft, they are not designed to provide impervious protection and should not be relied on as the sole security solution for your equipment. HP Security Cable locks are only one of several methods that should be employed as part of a complete security solution to help maximize theft protection.

---

## HP Keyed Cable Lock 10mm and HP Master Keyed Cable Lock 10 mm

### Overview

Secure your notebook.

Help keep your notebook safe in the office and high-traffic areas by tethering it to a secure surface with the HP Keyed Cable Lock 10mm and HP Master Keyed Cable Lock 10mm, designed specifically for ultra-thin profile notebooks.

Loop and lock.

Wrap the 6 ft (1.83 m) vinyl-coated, galvanized steel cable around any secure object and attach to your notebook. Insert the key into the lock and turn clockwise 90 degrees to lock.

Room to move.

Use the 360 degree range to position the cable as needed before you lock.

Rest easy.

Get the reassurance of a one-year limited warranty.

**NOTE:** HP Security Cable locks are designed, tested, and proven to be an economical and effective deterrent to help prevent opportunistic theft. While HP Security Cable locks help protect supported computer equipment from theft, they are not designed to provide impervious protection and should not be relied on as the sole security solution for your equipment. HP Security Cable locks are only one of several methods that should be employed as part of a complete security solution to help maximize theft protection.

---

### HP Essential Keyed Cable Lock

Affordable locking.

Add an extra layer of security to your notebook with the HP Essential Keyed Cable Lock, designed for any notebook with a standard lock slot.

Loop, push, lock. Easy!

Route the 4 ft (1.22 m) vinyl-coated, galvanized steel cable around any secure object, attach to your notebook, and lock with a unique key (plus a spare).

Room to move.

The cable head swivels 360 degrees to help you position the cable as needed before you lock.

Rest easy.

Get the reassurance of a one-year limited warranty.

**NOTE:** HP Security Cable locks are designed, tested, and proven to be an economical and effective deterrent to help prevent opportunistic theft. While HP Security Cable locks help protect supported computer equipment from theft, they are not designed to provide impervious protection and should not be relied on as the sole security solution for your equipment. HP Security Cable locks are only one of several methods that should be employed as part of a complete security solution to help maximize theft protection.

---

### HP Combination Lock

Put your own spin on your notebook lock with the programmable HP Combination Lock, designed for any HP notebook with a standard lock slot.

Loop and lock with a unique pre-set combination.

Route the 6 ft (1.83 m) vinyl-coated, galvanized steel cable around any secure object, attach to your notebook, and lock with the push-button mechanism and the factory-set four-digit combination.

Room to move.

The cable head swivels 360 degrees to help you position the cable as needed before you lock.

Rest easy.

Get the reassurance of a one-year limited warranty.

**NOTE:** HP Security Cable locks are designed, tested, and proven to be an economical and effective deterrent to help prevent opportunistic theft. While HP Security Cable locks help protect supported computer equipment from theft, they are not designed to provide impervious protection and should not be relied on as the sole security solution for your equipment. HP Security Cable locks are only one of several methods that should be employed as part of a complete security solution to help maximize theft protection.

---

### HP Essential Combination Lock

Affordable physical security for your notebook.

Add an extra layer of security to your notebook with the HP Essential Combination Lock, designed for any notebook with a standard lock slot.

### Overview

Loop and lock with your own **re-settable** code.

Route the 4 ft (1.22 m) vinyl-coated, galvanized steel cable around any secure object, attach to your notebook, and lock with the push-button mechanism and your user-resettable four-digit combination.

Room to move.

The cable head swivels 360 degrees to help you position the cable as needed before you lock.

Rest easy.

Get the reassurance of a one-year limited warranty.

**NOTE:** HP Security Cable locks are designed, tested, and proven to be an economical and effective deterrent to help prevent opportunistic theft. While HP Security Cable locks help protect supported computer equipment from theft, they are not designed to provide impervious protection and should not be relied on as the sole security solution for your equipment. HP Security Cable locks are only one of several methods that should be employed as part of a complete security solution to help maximize theft protection.

---

### HP Dual Head Keyed Cable Lock 10 mm and HP Dual Head Master Cable Lock 10 mm

Double up.

Get hardware security for your notebook and another device like a display or dock with the HP Dual Head Keyed Cable Lock and HP Dual Head Master Cable Lock, which lock both devices to the lock and then a third fixed surface.

Pair and lock.

Loop one end of the 7 ft (2.13 m) vinyl-coated, galvanized steel cable around a secure object, attach one lock to your notebook and the other to a dock, printer or display. Insert the master key into the lock and turn clockwise 90 degrees to lock.

Room to move.

The cable head swivels 360 degrees to help you position the cable as needed before you lock.

Rest easy.

Get the reassurance of a one-year limited warranty.

**NOTE:** HP Security Cable locks are designed, tested, and proven to be an economical and effective deterrent to help prevent opportunistic theft. While HP Security Cable locks help protect supported computer equipment from theft, they are not designed to provide impervious protection and should not be relied on as the sole security solution for your equipment. HP Security Cable locks are only one of several methods that should be employed as part of a complete security solution to help maximize theft protection.

### HP Tablet Keyed Cable Lock

Small in size, big on security.

Help protect your mobile device from walking away with the HP Tablet Master Key Lock.<sup>1</sup>

Sleek design.

Keep the slim profile of your tablet intact with a 10mm thin lock, so you can use it on a flat surface, or set the tablet and lock in a dock<sup>2</sup> or keyboard<sup>2</sup> without interference.

Lock and lay flat.

Wrap the 6-foot steel cable around any secure object and attach to the tablet. Lock by pushing in the cable and securing with the included master key that's great for IT managers.

Room to move.

Use the 360-degree range to position the cable as needed before you lock.

Rest easy.

Get the reassurance of a one-year limited warranty.

**NOTE:** HP Security Cable locks are designed, tested, and proven to be an economical and effective deterrent to help prevent opportunistic theft. While HP Security Cable locks help protect supported computer equipment from theft, they are not designed to provide impervious protection and should not be relied on as the sole security solution for your equipment. HP Security Cable locks are only one of several methods that should be employed as part of a complete security solution to help maximize theft protection.

#### NOTES:

1. Lock requires wedge lock slot on the tablet. It will not work with a traditional t-bar lock slot.

### Overview

2. Sold separately.
