Privacy Filter 2-way side-mounted Universal (16:10) 15.6

Effective privacy protection for your screen.

EASY ATTACHMENT

The DICOTA 2-Way privacy filter is ideal for working in public environments such as libraries, open-plan offices, airports and trains. It protects personal and confidential data by darkening the right and left side of the screen from an angle of +/- 30 degrees. The filter can be attached to the screen with plastic holders, making it easy to remove. The filter offers protection against scratches, reduces fingerprints and prevents reflections. It also has an antibacterial surface that inhibits the growth of bacteria, mold, and fungi.

CHARACTERISTICS
