ARTICONA GRS Trend 3 39.6 cm (15.6") Bag

Article number: 4757095

The ARTICONA Trend 3 bag offers space for notebook, documents and all kinds of accessories in a practical, light way. The timeless design is suitable for any occasion. Available in 4 colourways. These ARTICONA bags support the circular economy system by being largely made from reused, recycled PET.

Use of recycled materials

The main material consists of 100% recycled material, more precisely R-PET polyester made from recycled plastic, such as PET bottles or recycled fibres from, for example, old clothes (proof of material available on request).

ARTICONA gives the plastic of the used bottles a second life by reusing this resource. As a result, the plastic bottles do not end up as waste in the ocean, but are turned into bags. A second life to serve a good cause and protect your work equipment.

How recycled and dyed polyester, as used in this product, can itself be recycled and reused, so that the third and fourth life of the raw material can also be achieved, is still a matter of scientific research (July 2022).

With this ARTICONA bag, we are participating in the circular economy through the verifiable use of recycled materials, as far as it is currently possible.
