

Thunderbolt™ 3 Dock - Plus

Fast, ultra-high definition, powerful, and now even more versatile—meet the new wave of Thunderbolt™ 3 Docks. The Thunderbolt™ 3 Dock - Plus offers universal compatibility, bringing all the benefits and convenience of Thunderbolt™ 3 technology to both Mac and Windows® laptops. With 40 Gbps transfer rates, 60W power to charge your connected laptop, dual 4K 60Hz monitor support, and multiple ports for peripherals, simply connect the dock to your Thunderbolt 3 or USB-C* laptop—with the included Thunderbolt™ 3 cable—to create a high-performing, instant workstation.

*USB-C host performance will be limited. Note that not all USB-C ports support the full functionality of the USB Type-C standard. USB-C hosts may not support extended display to external monitors.

Use Cases

1. Thunderbolt™ 3 adopter needing fast data transfer for large files
2. Mac or PC user looking to connect to dual monitors or one single high-definition monitor
3. Business owner looking for a single solution to equip a work environment containing USB-C and Thunderbolt™ 3 devices
4. Collective workspace owner looking for an OS and device-agnostic docking solution

Technical Specifications

- W: 6.52 in./165.7mm
- H: 1.22 in./31mm
- D: 3.06 in./77.6mm
- Weight: 9.42 oz./267g
- 1.6 ft./0.5m Thunderbolt™ 3 cable
- 125W PSU

Compatibility

Our docks are designed to be compatible with all Thunderbolt™ certified hosts (dependent on OS version) and peripherals

Package Includes

- Thunderbolt™ 3 Dock - Plus
- 1.6 ft./0.5m Thunderbolt™ 3 cable
- 125w PSU

Thunderbolt™ 3 Dock - Plus

Product Benefits

1. Offers the benefits of Thunderbolt™ 3 technology through a single cable, including fast data transfer at 40 Gbps, and 60W charging for a connected laptop.
2. Supports USB-C (USB 3.1 Gen 1 and Gen 2) and Thunderbolt™ 3 for universal compatibility with Windows and Mac laptops.
3. Supports dual 4K 60Hz monitors for high-definition visuals or a single monitor at 8K 30Hz.
4. 125W power supply unit supports 60W upstream charging for connected laptop without a separate AC cable.
5. Multiple ports connect peripherals/other devices:
 - 1x Thunderbolt 3 with included 0.5m Thunderbolt cable
 - 3x USB A 3.1 Gen2
 - 2x USB C 3.1 Gen2
 - 2x Displayport v1.4
 - 1Gb Ethernet
 - Audio In/Out
 - 20v DC In for Included 125w PSU

The Belkin Difference

- Pioneer in innovation and technology for over 35 years
- Designed with professional and at-home users in mind
- Building on the success of our CES 2018 Best of Innovation Awards Honoree, the Thunderbolt™ 3 Express Dock HD
- Insertion testing guarantees quality for lasting performance and durability
- Tested under fluctuating environmental conditions to ensure safety of materials

The Belkin CONNECT™ Family

CONNECT products are all about making connections. From cables that charge and share data, to docks that bring devices together for a more streamlined experience, CONNECT delivers data in the most efficient way possible, while maintaining the highest levels of quality. The very first product Belkin released to market was a cable, and we are proud to say that making connections has been an essential part of our story ever since.

The Belkin CONNECT Family Characteristics

- One-cable solution to connect essential peripherals to a computer
- Single solution to connect you to multiple peripherals
- Multiple ports provide fast, simultaneous connection
- Designed for portability to facilitate quick and easy workstation setup and takedown
