

CoverPlus

Service level guide

How to use this service

The following tables describe the services offered when a CoverPlus support pack has been purchased.

CoverPlus is the name for all post-sales support options to extend the standard warranty supplied, and to also add extra services like maintenance, installation or upgrade a standard warranty on Epson products. To be able to see what service level and what is included in a customer's CoverPlus, the SKU is created with a system that indicates the duration and type of service the customer has purchased. This is in addition to the description also provided.

Please note not all services described are available in all Epson EMEAR regions. Please refer to your local support teams for more information.

For terms and conditions please refer to your local Epson website or helpdesk who will be able to provide them.

In order to explain we will use a **CoverPlus SKU** number as an example:

CP03RTBSCC70

SKU	C	P	0	3	R	T	B	S	C	C	7	0
	CoverPlus		Term description Duration 3 years		Service description by product type Service type delivered				Unique reference			
Digit	1	2	3	4	5	6	7	8	9	10	11	12

Term description

Extended warranty duration example

When a CoverPlus is purchased the service provided overrides the standard warranty.

The service applied from Year 1 will be the service described on the pack. When describing the contract length this includes any standard warranty period: for example a 3-year contract length CoverPlus will include in its term the standard warranty year(s) and any extended warranty period to 3 years in total.

Standard Warranty + Extended warranty = Term indicated on CoverPlus pack.

All products the CoverPlus is being registered to must be in a working condition and within their product lifetime specified in the product specifications.

In order to explain we will use a **CoverPlus SKU** number as an example:

CP03RTBSCC70

SKU	C	P	0	3	R	T	B	S	C	C	7	0
	CoverPlus		Term description Duration 3 years		Service description by product type Service type delivered				Unique reference			
Digit	1	2	3	4	5	6	7	8	9	10	11	12

Service description

Service type example

The four characters here describe the type of service being delivered which have specific terms, all of which are explained by using the lookup table on the following pages. For example, RTBS stands for **Return To Base Service** where the customer sends or takes the faulty product into an Epson repair centre and the product is repaired and returned by courier. Other examples are OSSE which stands for **On Site Service Engineer** where a service engineer visits the customer's premises and fixes the product onsite.

There are many other types of service delivered, so please use the following pages based on the product type to get the details of the service level and service delivery type.

In order to explain we will use a **CoverPlus SKU** number as an example:

CP03RTBSCC70

Contract length	SKU Description	Description	Additional notes
1 year extension	1E	Provides an additional 1-year service adding on to the last warranty expiration date on the Epson service system. The pack can be applied up to the 5th year of service to extend to a maximum of 6 years in total.	Can only be purchased and registered within 30 days of the existing warranty expiring. Pack can only extend the product warranty up to a maximum of 6 years in total from the first registration of the product.
2 year extension	02	Provides 2 years in total from the original product installation date the CoverPlus pack is being registered against.	For newly installed product. If the product is more than 8 months old the customer may be required to provide proof of purchase to verify their installation date.
3 year extension	03	Provides 3 years in total from the original product installation date the CoverPlus pack is being registered against.	For newly installed product. If the product is more than 8 months old the customer may be required to provide proof of purchase to verify their installation date.
4 years extension	04	Provides 4 years in total from the original product installation date the CoverPlus pack is being registered against.	For newly installed product. If the product is more than 8 months old the customer may be required to provide proof of purchase to verify their installation date.
5 year extension	05	Provides 5 years in total from the original product installation date the CoverPlus pack is being registered against.	For newly installed product. If the product is more than 8 months old the customer may be required to provide proof of purchase to verify their installation date.
4th year extension	4E	Provides a additional 1-year service adding on to year 3 of a existing Epson extended warranty.	Can only be purchased and registered on Epson Products within their existing 3-year warranty term. Product must be in a working condition and within its product lifetime specified in the product specifications.
4/5 year extension	45	Provides a additional 2-year service adding on to year 3 of a existing Epson extended warranty.	Can only be purchased and registered on Epson Products within their existing 3-year warranty term. Product must be in a working condition and within its product lifetime specified in the product specifications.
5th year extension	5E	Provides a additional 1-year service adding on to year 4 of a existing Epson extended warranty.	Can only be purchased and registered on Epson Products within their existing 4-year warranty term. Product must be in a working condition and within its product lifetime specified in the product specifications.
One-time event	OT/1T	Provides a one-time service such as installation, maintenance, training or fiscal printer inspection. To book please call your local Epson support centre.	To book please call your local Epson support centre who will be able to help with booking the service. Repair is guaranteed for 3 months for failure to the items replaced only, any repair not associated with the original fault may incur another charge.

CoverPlus Packs can only be purchased up to 8 months after the EPSON product it will be registered against was purchased.

For the CoverPlus Extension packs 1E/ 4E/ 45/ 5E these can only be purchased for a EPSON product while it is still in standard or extended warranty.
