

## Acer USB Type-C Docking Station D501 – Certified by Works with Chromebook

The Acer USB Type-C Dock is certified by Works with Chromebook to ensure it will work with your Chromebook seamlessly. The easily upgraded firmware allows for maximum compatibility while the multiple USB and HDMI ports let you set up an extremely efficient triple display work space while in the office or at home.

### Peace of Mind

Certified by Works With Chromebook. This product has been certified to meet Google's compatibility standards and help you seamlessly get the most from your Chromebook.

### Future Proof

The firmware on this dock can be updated while the device is connected to a Chromebook, ensuring maximum compatibility with the peripherals of today and tomorrow.

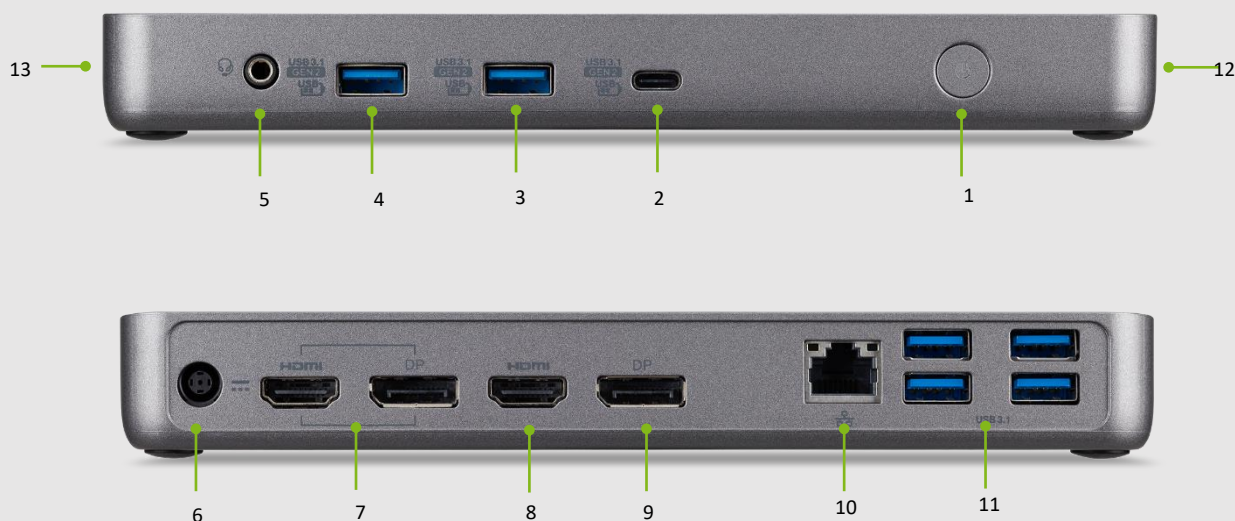

### Even More Displays

This versatile dock allows you to simultaneously connect up to three monitors<sup>1,2</sup> to a Chromebook through the HDMI and Display Ports, giving you the ability to easily extend or mirror your content.

1. The number of displays simultaneously supported is also depended on the capability of Chromebook and/or laptop.

2. Maximum resolution when supporting three external displays is limited to Full HD (1920 X 1080).
