Power supply and adapter	3-pin 90 W AC adapter (8th Gen Intel® Core™ i7 and i5 processors only) 3-pin 65 W AC adapter (Intel® Core™ i3 and Intel® Celeron® processors only)		
System compliance	ENERGY STAR® RoHS		
Options and accessories	USB keyboard and mouse		
Certification	VCCI, CE, FCC, CB, Citrix Ready		

1. Specifications vary depending on model.
 2. 64-bit software is required to enjoy the advantages of 64-bit processing.
 3. A 64-bit operating system is required to enjoy the ultimate performance of 4 GB or higher memory.
 4. Memory speed may vary, depending on the CPU, chipset or memory fitted.
 5. 1 GB is 1 billion bytes, Actual formatted capacity is less and may vary depending on preloaded materials and operating environment. Recovery Management uses a portion of the stated hard disk capacity as dedicated backup space.

In a continuing effort to improve the quality of our products, information in this document is subject to change without notice. Images shown are only representations of some of the configurations available for this model. Availability may vary depending on region. As a phenomenon known to thin-film transistors (TFTs), liquid crystal displays (LCDs) commonly exhibit a small number of discoloration dots, as so-called "non-conforming pixels." This phenomenon is a limitation of TFT LCD technology, not a product defect, and as such is not covered by Acer's warranty.

About Acer

Founded in 1976, Acer is now one of the world's top ICT companies and has a presence in over 160 countries. As Acer looks into the future, it is focused on enabling a world where hardware, software and services will fuse with one another to open up new possibilities for consumers and businesses alike. From service-oriented technologies to the Internet of Things to gaming and virtual reality, Acer's 7,000+ employees are dedicated to the research, design, marketing, sale, and support of products and solutions that break barriers between people and technology. Please visit www.acer.com for more information.
