

## Targus® Webcam Plus - Full HD 1080p Webcam with Auto Focus (includes Privacy Cover)

- Full HD 1080p resolution, ideal for web conferencing using Full HD monitors
- Bright f/2.5 aperture and CMOS Sensor technology with 2.7 μm pixel pitch for great quality in rooms with less than optimal light
- Auto focus ensures you stay sharp in frame and auto image adjustments adapts to the lighting
- Fit more of the meeting room in with wide angle lens (67-degree field of view) and omnidirectional microphone to capture all members in your meeting
- In-built noise reduction to cut out unwanted ambient sound
- 'Driver-free' plug and play ease via USB, no need to install any additional software
- Compatible with Microsoft Teams®, Apple FaceTime®, Zoom®, Skype® and other video conferencing applications. Plus you can even stream live via YouTube®
- LED indicator to notify you when the webcam is active, plus privacy cover included to provide effective last line of defence against hacking
- Find your best angle with 360 degree rotating/ tilting mounting clip, compatible with monitors or laptops screens. Plus standard threaded mount for use on tripods

Connect to the world in Full HD with the Targus® Webcam Plus - Full HD 1080p Webcam with Auto Focus. A step-up from typical laptop webcams thanks to its bright aperture lens, CMOS sensor and auto lighting correction all working in unison to ensure high quality Full HD video even in less than optimal light. Plus auto focusing technology keeps you sharp in frame at all times, so you no longer appear to be a blurred, fuzzy avatar on screen, ideal for home working professionals that demands high quality video conferencing.

With 67-degrees angle of view, it is well suited for framing your head and shoulder plus room for one more colleague without including too much background distractions. Whilst the freely tiltable mount allows you to attach and tilt the webcam in order to find your most comfortable angle. In-built noise reduction microphone minimises ambient sounds to ensure you sounding as good as you look, plus as an added bonus, the webcam includes a tripod mount so that you can place the camera away from the PC, perfect for teachers, bloggers and influencers looking to live stream.

Compatible with most video conferencing software plus simple plug-and-play connection via USB, the Targus® Webcam Plus is ideal for anyone looking to step up from dark, low resolution video quality from typical laptop webcams.
