Need a way to incorporate audio into your presentation? You can use our [1m 3.5mm audio cable](#) (MU3MMS).

8-inch cable reduces port damage

Reduce stress and prevent damage on the device port. The 8-inch cable design reduces the strain on the port as well as the connectors, plus it doesn't block other open ports, leaving them open for connecting other devices.

Compact and lightweight design

The adapter fits nicely inside your laptop bag, purse, backpack or other carrying case, making it the perfect mobile accessory to keep in your carry-on baggage. Arrive prepared when presenting to a potential client, teaching offsite, or travelling to a customer location.
