

HJGAN245-EU

HyperJuice 245 W GaN Desktop Charger

Meet the newest way we're providing a robust power solution to any work-from-home professional or business enterprise for when additional outlet space may be sparse, the HyperJuice 245 W GaN Desktop Charger.

It's the world's first and smallest 245 W GaN charger that boasts four 100 W USB-C Power Delivery ports driven by industry-leading GaN technology. This provides anyone with the ability to charge four mid-size 60 W laptops at the same time, like the 13-inch MacBook Pro® or Air®. Or, if you have multiple devices, charge two 16-inch MacBook Pro® laptops, an iPad Pro® and an iPhone 14® all at the same time.

Ports:

USB-C (100W; PD 3.0)
USB-C (100W; PD 3.0)
USB-C (100W; PD 3.0)
USB-C (100W; PD 3.0)

Simultaneously Charge 4 Devices -

With four powerful USB-C charging ports, each at 100 W ratings, you'll be able to charge two 16-inch M1 MacBook®, one iPhone 14®, and one 11-inch iPad Pro® faster than you'd ever thought possible.

Powered By GaN Technology -

The innovative Gallium Nitride semiconductor technology provides a solution that's smaller, charges faster, and charges more efficiently than traditional silicon-based chargers.

Slim & Portable Design -

Not only is the GaN Charging Station powerful, but it's slim, compact and perfect for life on-the-go. Also, enjoy having a little more free desk space due to the compact size.

AC Extension Cord Included -

With the included AC extension cord, you'll never have to be tied to wall outlets, especially if you're working from an airport, coffeeshop or wherever wall outlet space may be tricky to find.

Smart Power Protection -

Get more peace of mind when charging due to our super-smart over current, over voltage, over temperature and short-circuit protection.

Maximum Compatibility -

Supports PD 3.0, QC 4.0+, and PPS for iPhone®, iPad®, Android™, PC, Chromebook™ and Samsung® fast charging.

*EU and UK power cords included
