Certain features, functionality and product specifications may be network dependent and subject to additional terms, conditions, and charges. All are subject to change without notice. MOTOROLA, the Stylized M Logo, MOTO and the MOTO family of marks are trademarks of Motorola Trademark Holdings, LLC. MICROSD is a trademark of SD 3C, LLC. Android is a trademark of Google LLC. All other trademarks are the property of their respective owners. ©2022 Motorola Mobility LLC. All rights reserved. Screen images simulated. Phone UI for illustration purposes only, and subject to change. 1. The 50MP sensor combines 4 pixels into 1, for an effective photo resolution of 12.5MP. 2. Available user storage is less due to many factors, including operating system, software and functions utilizing part of this capacity, may change with software updates. 3. Varies by market. Check with your carrier or retailer for availability. 4. Supports up to 1TB microSD card, microSD cards sold separately. Content with DRM restrictions may not be able to be moved to the card. 5. Battery must be substantially depleted; charging rate slows as charging progresses. All battery life claims are approximate and based on the median user tested across a mixed use profile (which includes both usage and standby time) under optimal network conditions. Actual battery performance will vary and depends on many factors including signal strength, network and device settings, temperature, battery condition, and usage patterns. 6. Maximum 15W charge; TurboPower™ charging capable only with Motorola TurboPower™ charger; Motorola TurboPower™ 20 charger sold separately does not increase maximum charge capability. 7. Camera housing is excluded. 8. Water-repellent design creates a barrier to help protect against moderate exposure to water, such as accidental spills, splashes or light rain. Not designed to be submersed in water, or exposed to pressurized water, or other liquids; may diminish over time. Not waterproof.
