

Information about the Articona Recycling Program

Recycling Program With the «Articona Recycling Program» we offer you the possibility to easily recycle empty ink and toner cartridges. The program is intended for our business customers, starting from 15 empty toner cartridges.

Recycling With the help of Articona's recycling program, all toner cartridges are properly disposed of and partially recycled.

Participation Participation in this program is easy and free of charge for you starting from 15 empty toner cartridges. Through your participation you will also make a valuable contribution to environmental protection.

Pallet box/ small eco-box To participate in this system, simply return the collection order. We will pick up the empty toner cartridges from you.

On request we can provide a pallet box (basic size: 120 x 80 cm) or a small eco-box (40 x 60 x 70 cm) free of charge. In this container you collect the empties (toner and ink cartridges).

The empties will be professionally disposed of and / or recycled by us.

Recycling is that easy

1 Collect your used ink and toner cartridges on your Euro pallet.

2 Enter your details for the pick-up:

- company name
- contact person
- email
- phone
- quantity
- pick-up place

3 Send the collection order directly to recycling@articona.eu and order an empty box again.

4 We coordinate the collection of empty toner cartridges with you.

This recycling program is **free of charge** for our business customers starting from 15 empty toner cartridges.
