Energizer Qi Car Mount

Article number: 4344752

In-car mount delivering up to 10 W. The integrated infrared and touch sensors mean you can easily insert and remove your smartphone with one hand. A 360° ball joint enables a variety of positions for the optimum view. The bracket can be mounted either on the ventilation, as well as on the windshield.

- Car holder with wireless charging pad by Energizer
- Qi wireless charging with up to 10 W
- for Android, Apple iOS, Blackberry OS
- 360° ball joint for optimal positioning
- Soft silicone protects your device against scratches
- PowerSafe management prevents short circuits and overcharging
