DESCRIPTION

Clarity, Comfort and Affordability. For people who spend most of their day on the phone, a comfortable headset can make all the difference. The stylish V7 HU411 Mono Headset is lightweight yet durable and easy to use. Connect to a PC or Mac® through Plug-and-Play 3.5mm and convenient inline volume and mute control. The HU411 Mono Headset includes premium features like echo cancellation, a noise-cancelling mic, and digital signal processing to reduce outside noise. Designed with comfort in mind, the adjustable padded headband and leatherette ear pad are perfect for all-day wear. The omni-directional boom microphone provides 300°...
