Magnetic Privacy Screen for MacBook

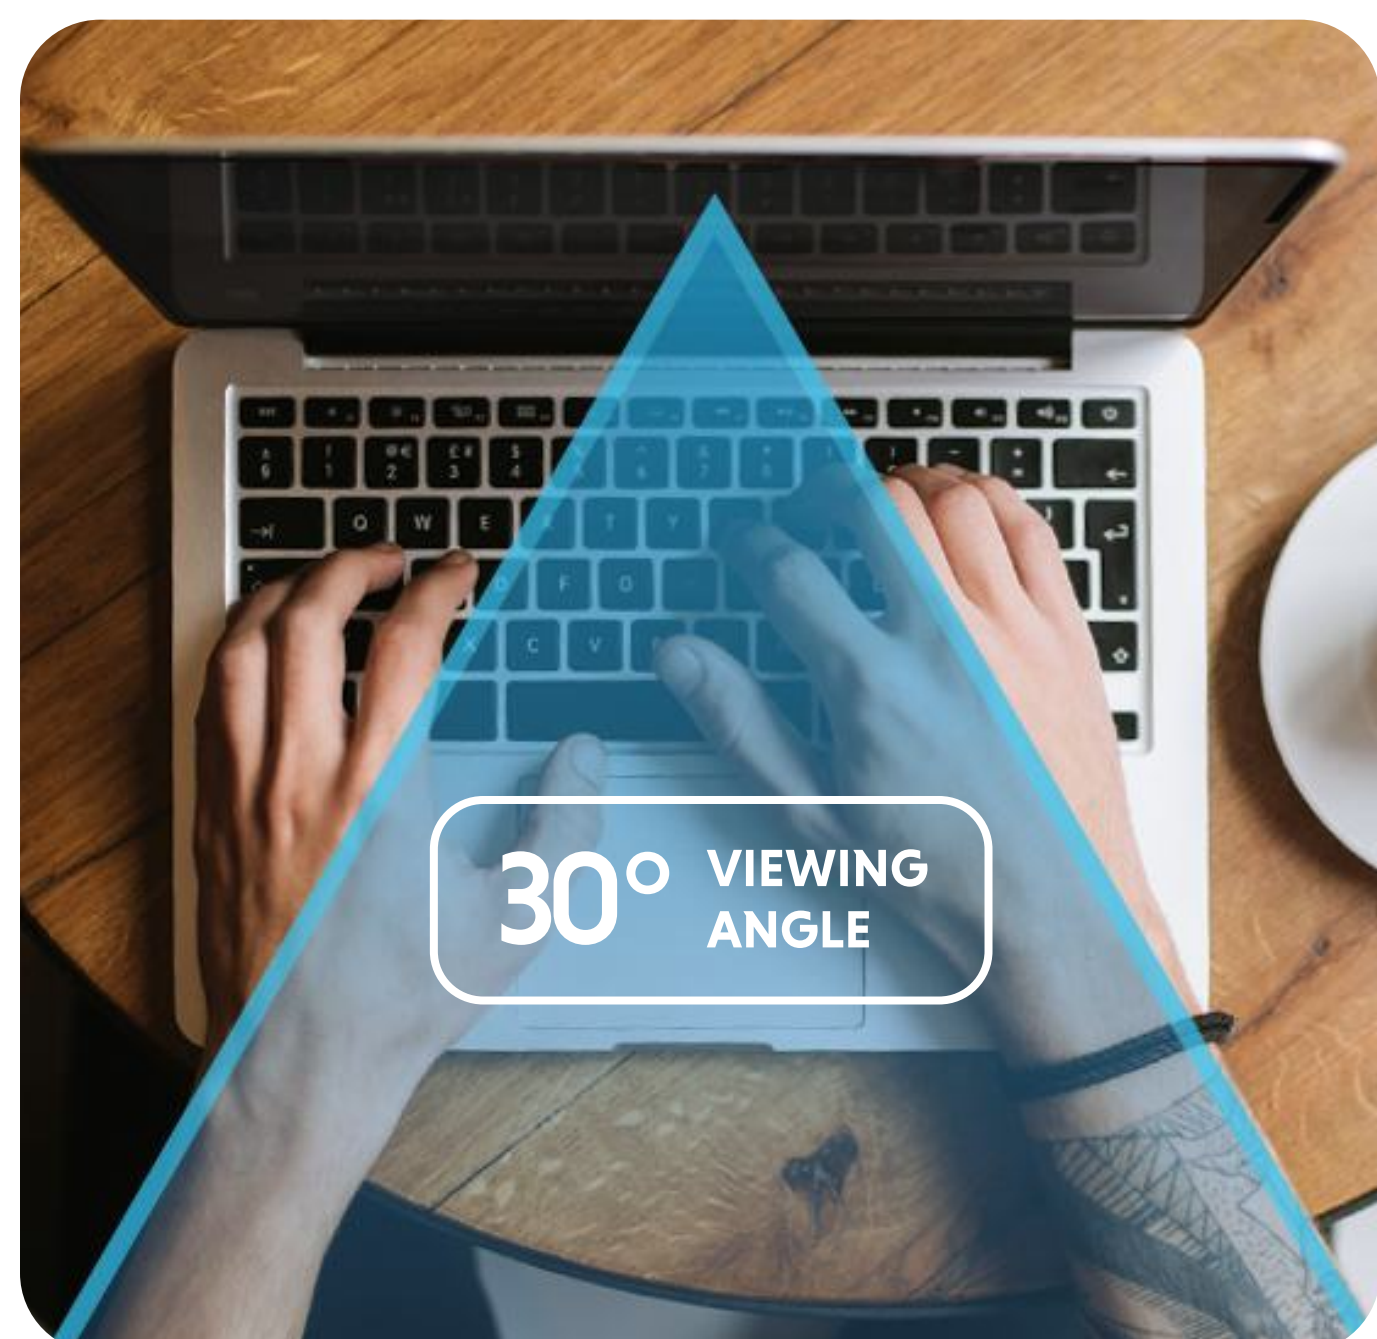

The HyperShield Magnetic Privacy Screen for MacBook Pro and MacBook Air keeps your screen private with a 30° viewing angle, ideal for public spaces. The snap-on magnetic attachment allows quick installation and removal, and the anti-reflective coating reduces glare. The precision camera notch cutout ensures clear video calls and lets you fully close your laptop.

Snap-On Magnetic Privacy Screen for MacBooks, Keeps Your Work Secure On-The-Go

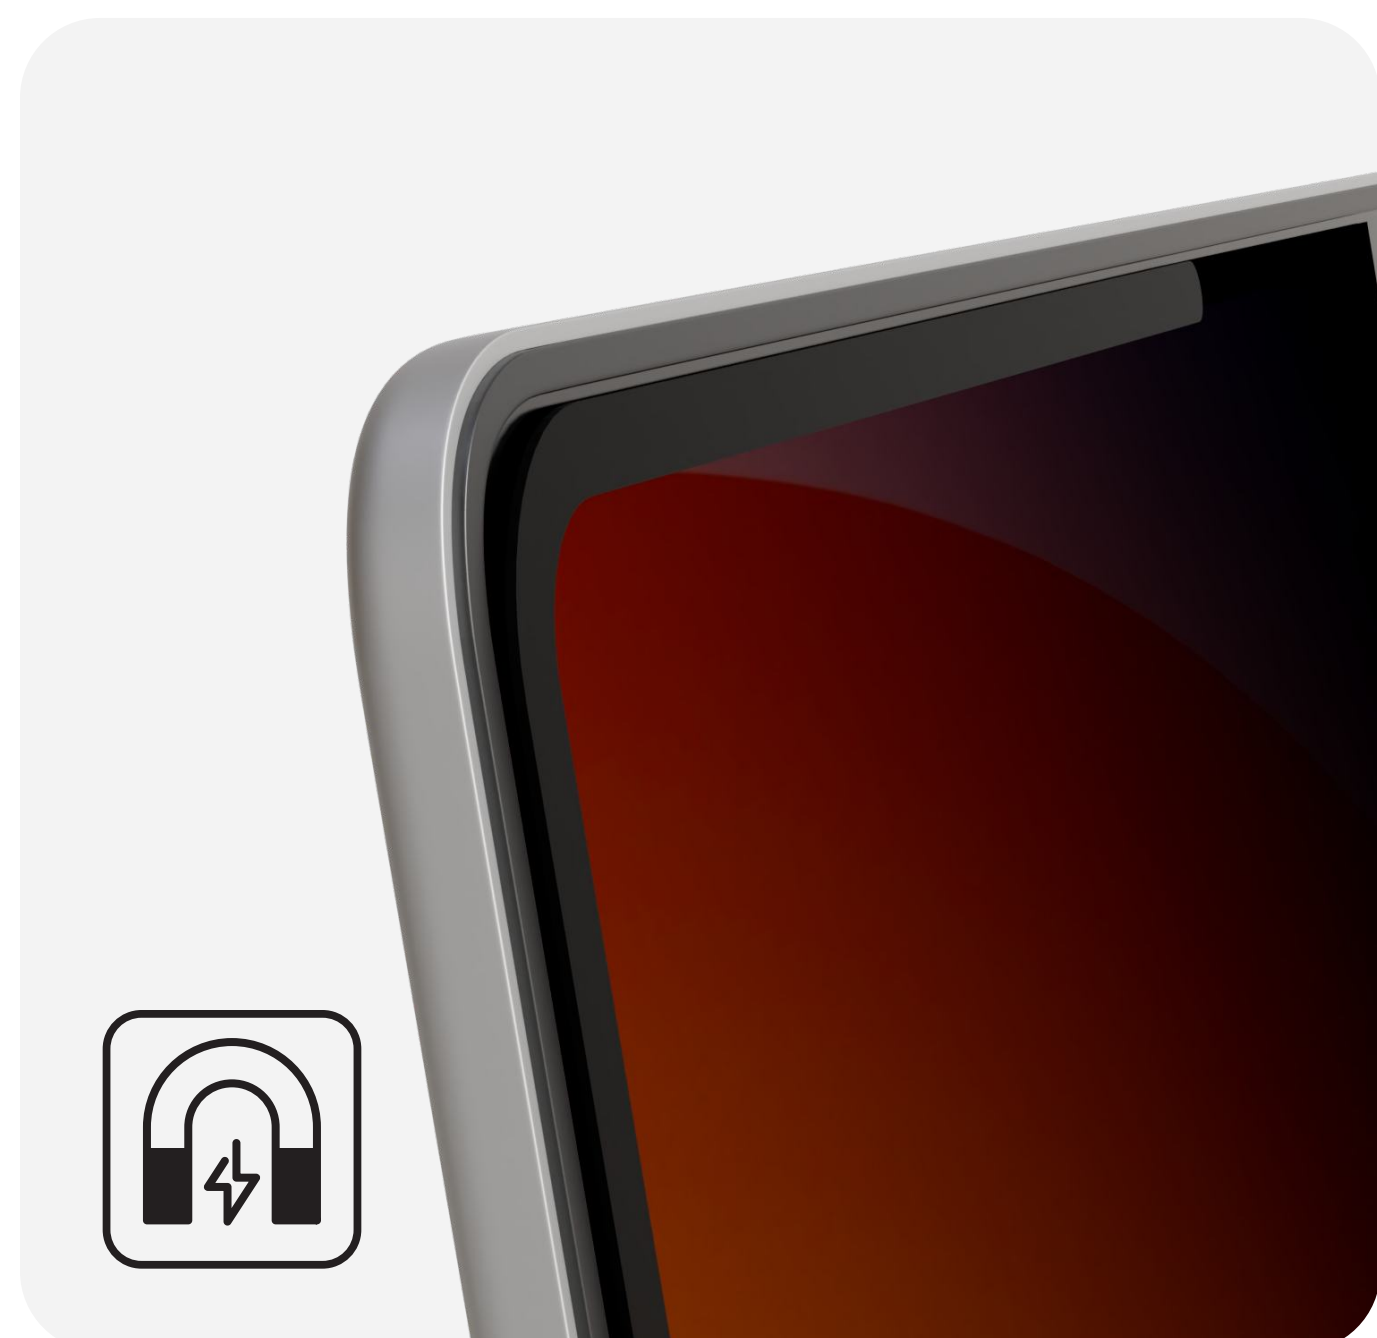

Keep Your MacBook Screen Private

Keep data safe and private even in public places like hotel lobbies, airplanes, and cafes. Your content is only visible to the person directly in front of the screen and up to 30° on either side.

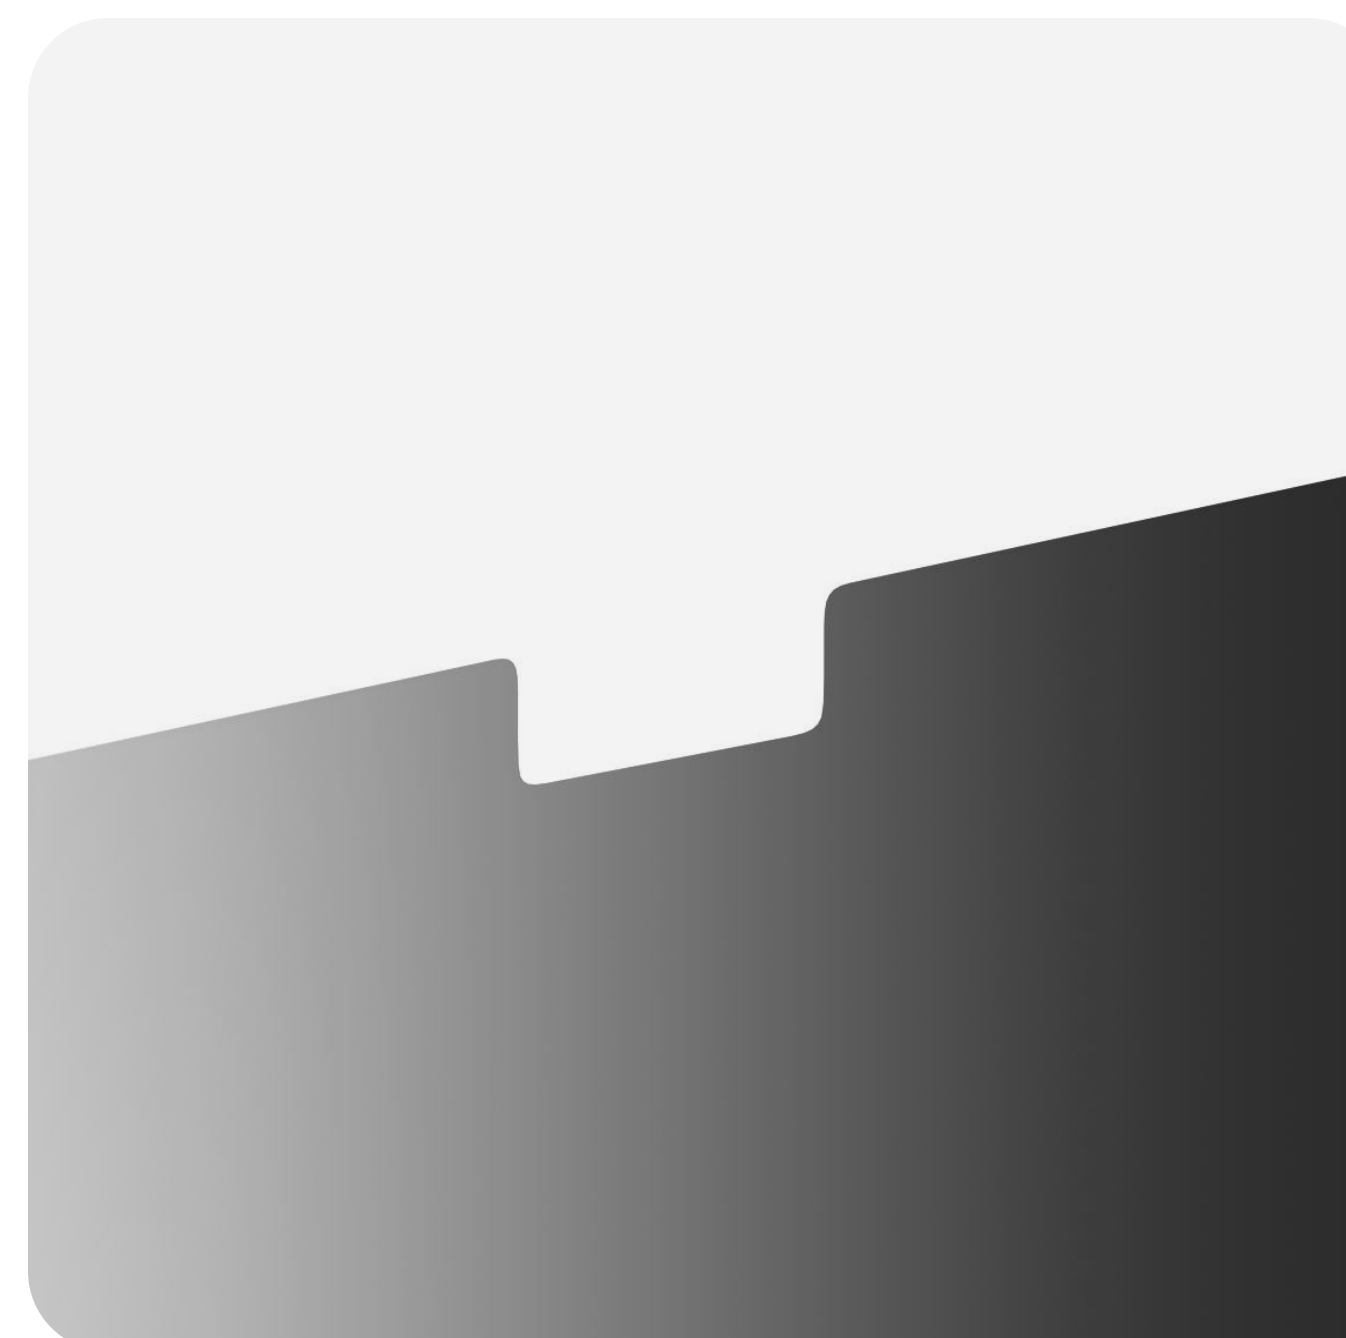

Close MacBook Fully with Privacy Screen Attached

Even with the Privacy Screen attached, its slim design allows any MacBook Pro or Air to close completely.

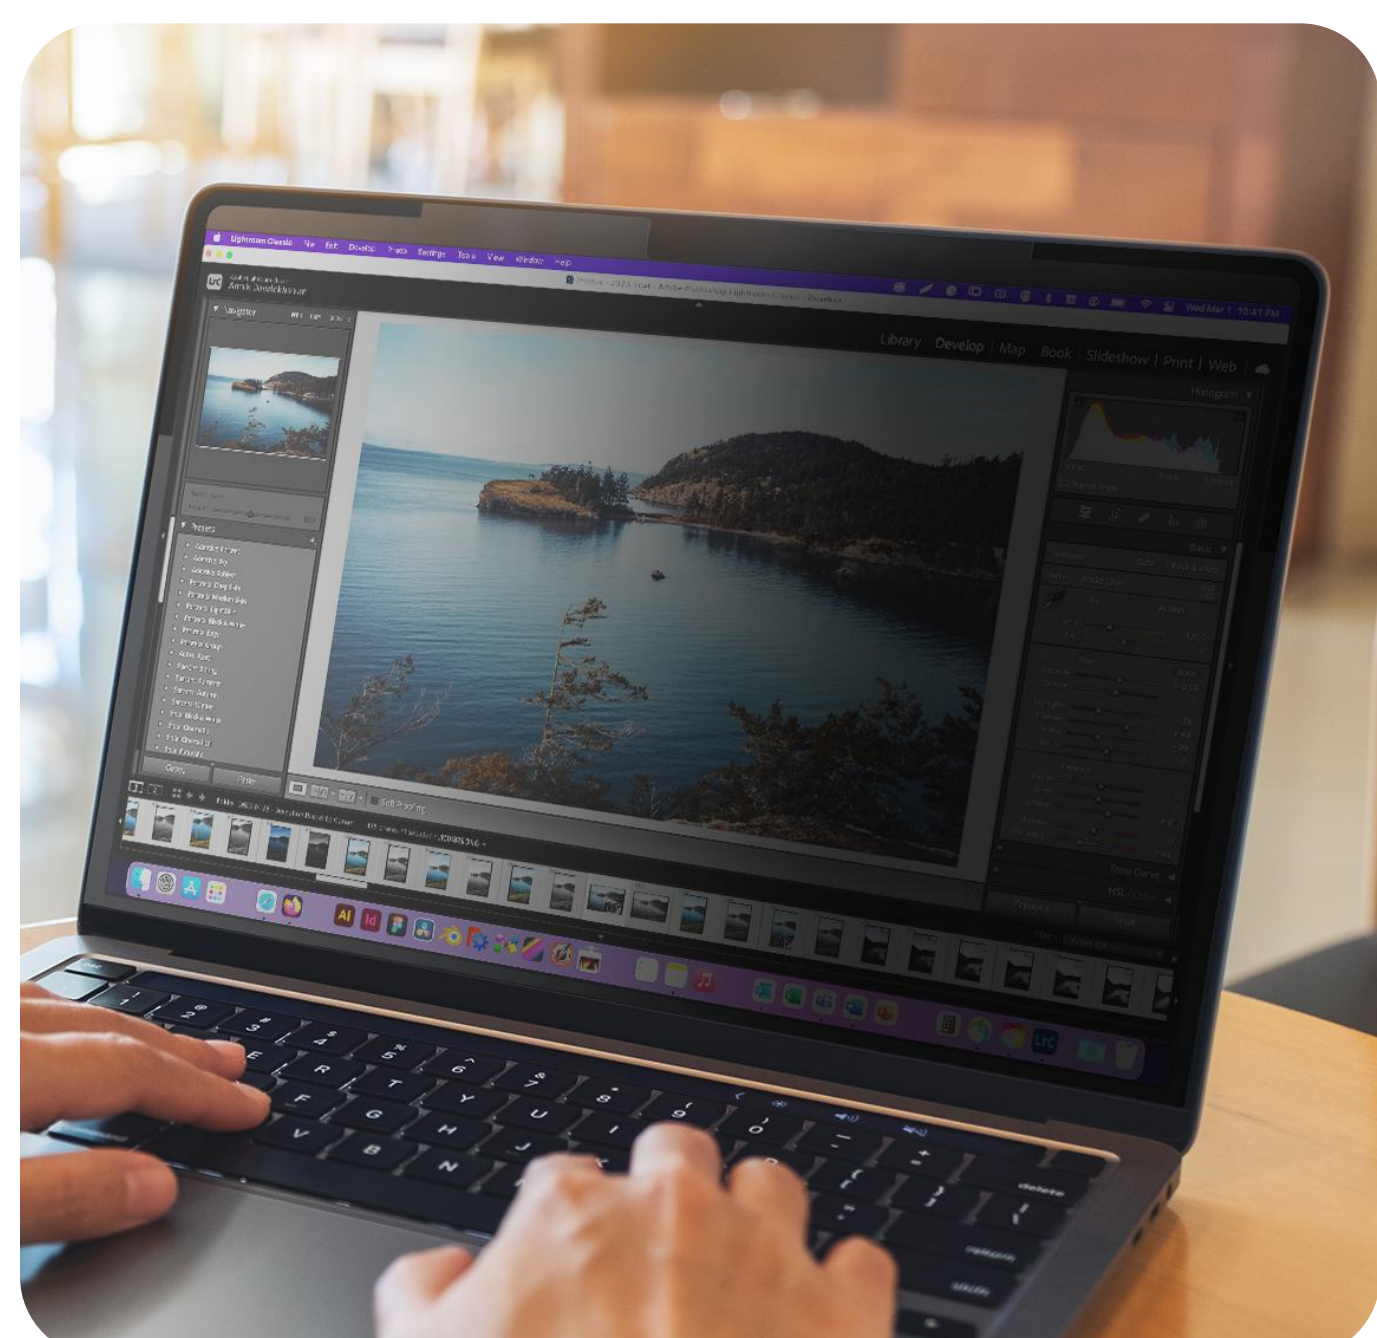

Snap-On Magnetic Installation and Removal

Designed with integrated magnetic strips to easily attach for privacy when you need it, and remove from your screen without leaving a sticky residue.

Precision Camera Notch Cutout

Precise camera cutout ensures video calls are clear, allowing you to be seen while the contents of your screen remain hidden.

Reduced Glare Even in Bright Rooms

The anti-reflective coating reduces glare and improves brightness under most light conditions. The HyperShield Privacy Screen keeps your screen 12%¹ brighter than leading alternatives, for clearer, more comfortable viewing.

3H Scratch-Resistant Screen

3H scratch resistance ensures enhanced durability and protection for your MacBook screen. This protective coating shields your screen from everyday hazards such as scratches, scuffs, and marks caused by keyboards, dust, and general wear and tear, keeping your display pristine and clear.

¹ 12% higher than competitive privacy screens, based on internal testing.
